Move museum, consultants say Peterborough the best place for 'world class' canoe collection

A consulting firm studying the future of the Kanawa Canoe Museum has recommended that the collection be moved to one of two sites in Peterborough.

In a 150-page report made public last week, the consulting firm of MacLennan Associates Architects says the collection of canoes, kayaks and water craft from around the world which is currently housed in buildings near Camp Kandalore in Stanhope Township, should be moved to a site adjacent to the liftlock in Peterborough, or alternatively, to the campus of Trent University.

Envisioned is a 60,000 square foot building on two floors, with public viewing areas on the upper floor, equipped as "A first class museum", fire resistant and climate controlled.

The consultants estimate that the structure would cost \$4 million in 1983 dollars and that operating, cooling and lighting costs would be another \$170,000 a year. Land acquisition and site development would require another \$900,000, for a total project cost of almost \$5 million.

Losses are projected at \$188,000 in each of the third and fourth

years, and \$143,000 thereafter.

The report says the initial \$5 million could come from governments, with another \$1,247,000 to be raised by public subscription.

Six possible sites were considered in the report, including the museum's present location on Highway 35 south of Ox Narrows. Overall, the present site was ranked behind potential sites in Ottawa and Toronto, as well as the recommended sites in Peterborough.

The consultants found a number of problems associated with the present site, including lack of mechanical facilities and environmental controls, no heating or insulation, no facilities for the handicapped, inadequate fire protection, dangerous access from Highway 35, and a labelling and interpretive program that is not up to normal museum standards.

The report notes that the museum's weaknesses are "well recognized" by owner Kirk Whipper, and that "much of the problem lies in totally inadequate funding".

Fewer than 3000 people visited the collection in 1981, and this is seen as a major reason for the

museum's poor financial position.

Although some Wintario funding has gone into the Kanawa Museum, the collection is almost wholly owned by Kirk Whipper, and cannot be moved without his permission and cooperation. The consultants recommend that the collection be purchased outright after an independent evaluation and estimate that the value could be in the order of \$300,000.

Whipper, who is a professor at the University of Toronto, would then be appointed special consultant to the new facility.

The consultants recommend that the museum be structured as a non-profit corporation which would take over control from the existing Kanawa International Museum Corporation. The governing body would include representatives of the existing corporation, federal and

provincial departments, ministries and agencies; the City of Peterborough, Trent University, and interested citizens.

Politicians and individuals in Haliburton County have shown interest in keeping the museum in the county, and it is expected that a counter-proposal will be prepared, outlining a means of keeping the collection here, even if it must be moved from its present site.

'Kingfisher in Winter' a limited edition lithographic reproduction of a painting by Robert Bateman was one of more than 40 works of art offered for auction Saturday night to support the Rails' End Gallery.

Here Gallery supporter Carole Finn describes the work while auctioneer Bill Rusland waits to call for bids.

A self-help plan for reducing crime

Residents of Haliburton and Minden are being asked to take part in a 'Neighbourhood Watch' program designed to reduce crime and assist police.

Letters and pamphlets outlining the program have been delivered in both communities, and police will gauge the response before deciding whether to proceed.

In the simplest terms, Neighbourhood Watch is just that - neighbours watching out for neighbours. People are asked to familiarize themselves with residents in surrounding houses, and to keep an eye out for suspicious activities such as strange vehicles in the driveways of absent neighbours, unauthorized individuals on properties, and anything else that may pose a threat to people and property in the surrounding area.

Minden OPP community services officer Gary Chapman says implementation of the program will depend entirely on the interest shown by the community. If the news letter and brochure generate sufficient response, public meetings will be scheduled to explain the program and establish zone and block leaders, who will then assist police in operating the 'watch'.

The program has had "tre-

mendous results" in Toronto, Chapman says, and many smaller towns already have it in effect.

As well as encouraging people to get to know their neighbours and share responsibility for crime prevention, Neighbourhood Watch aims at helping people overcome their reluctance to telephone police about what Chapman described as "small things" that may in fact be potential or actual criminal activity.

Police emphasize that citizens will not be asked to act on their own if they see wrongdoing. Instead, they will be urged to turn the matter over to police by telephoning the detachment the moment anything suspicious is seen or heard.

Some 300 brochures and letters have been distributed in Minden, and more than 100 favourable replies have been received. The Minden Rotary Club has indicated a willingness to act as a steering committee to get the program off the ground, and the Haliburton Rotary Club is expected to do the same.

If response to the public meetings is adequate, the programs could begin operating in both communities this fall.

Zoning by-law dropped Minden set to prepare an official plan

Anson, Hindon and Minden council has decided to rescind its problem plagued zoning by-law 82-11 and reinstate one it passed 16 years ago. The action will give the municipality an enforceable by-law while work proceeds on an official plan and a revamped version of the more recent zoning document.

Reeve Lyle McKnight described problems with by-law 82-11 as "quite a rigamarole".

"We've had about 200 letters (of objection) on it from people," the reeve said. Even the previous council objected to some aspects of the by-law, which was drafted by a consultant with the firm of Procter and Redfern.

One of the most contentious issues has been the designation of 'hazard land' flanking the Gull River. The Ministry of Natural

Resources and the Ministry of Housing have registered objections against by-law 82-11 because it set out only a 66 foot 'hazard' zone on each side of the river.

With both ministries objecting, the by-law had no hope of provincial approval.

As well as the hazard land controversy, the new by-law came under fire for zoning changes shown on detailed mapping. Large tracts of land that had previously been industrial or commercial were shown as rural or residential, and unwanted changes in lakeshore designations were also incorporated.

Despite the difficulties with the new by-law, it will not have to be scrapped entirely. Much of it is expected to be included in the by-law that will accompany and

implement the official plan to be prepared in the near future.

"There's a lot of it we can use," the reeve said. "It's just to pick out the bad points."

Work has already begun on detailed flood plain mapping along the Gull River. If the mapping meets government approval and is included in an official plan, assistance could be made available to floodproof homes and businesses.

Council has contacted a number of consulting firms and asked for estimated on an official plan. Interviews will take place early next week, and the project could be underway this fall.

In the meantime, residents of the municipality will have to abide by the zoning and regulations set down in by-law 14-67.

It's hot, but it's been hotter!

If you think the last month has been unbearably hot and dry, we've got news for you. It's been hotter and drier in the Highlands and not that long ago either.

From June 10 to Monday, July 18 temperatures in the area have averaged 80.6 degrees Fahrenheit (apologies to the Metric Commission) and we've had 1.2 inches of rain.

Now that certainly is hot and dry. But eight years ago it was hotter and drier. Between June 19 and July 18 of 1975, the temperature averaged 81 degrees Fahrenheit and only a quarter inch of rain fell.

If that doesn't make you feel better, how about this. The spell of hot, humid weather we've

One way to keep cool

been enduring hasn't broken any records, even if it has broken a few spirits. In 1916 the average temperature for the entire month of July was a scorching 88.7 degrees Fahrenheit. And five years later, in 1921, July was only fractionally cooler, at 88.3 degrees Fahrenheit over the entire 31 days of the month.

And compared to a certain three-day period in our history, it's been positively comfortable lately. Between June 29 and July 3 of 1931 the daily high temperature was more than 100 degrees Fahrenheit.

So it has been hotter in the Highlands, but has it ever been much drier? Definitely. In July

of 1923 only eight one-hundredths of an inch of rain fell, the driest month since climatological records have been kept.

If none of this makes you breathe a little easier, perhaps you can take some comfort from knowing that we're not alone beneath the heat and humidity. Temperatures are higher than normal worldwide this summer. Even in Alaska, daily highs are reaching into the 80's.

What are the prospects for relief? At the moment there doesn't seem to be much hope of cooler weather or significant rainfall for at least 10 days.

So there's nothing we can do but grin and uh, bare it!

SSFC shows surplus after deficit in '82

A \$610,000 surplus as of March 31, 1983 marks a significant improvement in the financial position of Sir Sandford Fleming College, which reported a \$188,000 deficit at the close of the 1982 fiscal year.

At the June meeting of the College's Board of Governors, Herb Simpson, Chairman of the Finance, Property and Administration Committee, reported that "the improvement is the result of a 1.7 per cent increase in actual revenues over budgeted revenues and a .2 per cent excess of actual expenditures over those budgeted." This resulted in an overall 67.9 per cent increase in the college's budgeted surplus funds.

According to Rod Rork, Executive Director of Administrative Services, some of the major items which contributed to the increased revenue were federal government training funds and labor intensive grants allotted during the final quarter of the fiscal year. In addition, student fees were up slightly, accounting for approximately ten per cent of total college revenues.

SSFC's total enrolment, which includes full-time, part-time and employment training students, has increased by 14.7 per cent since the 1980-81 fiscal year. "On the other hand, the cost per student increased 11.1 per cent during the same period which is below the rate of inflation during that time," said Rork.

The majority, or 73.4 per cent of the college's money is allocated to academic and educational resources, 11.3 per cent to plant and property, 8.5 per cent to student services and the remainder to administration.

SSFC's budget position for 1983-84 has also improved. College President Charles Pascal said "we hope that this improved position will allow us to continue with many of the new endeavours we've initiated and to take advantage of new opportunities over the next few years."

New phone books now easier to use

The introductory pages of the phone book have been redesigned, giving the public what Bell Canada says will be a fast and easy reference for all kinds of telephone information.

Drawings, bold-faced headings, white space and symbols are used to make each section of information stand out in the 1983 Lindsay-Peterborough telephone directory.

"We expect people will find it easier to locate and read the information," says Tom Harper, Bell's local manager. "There's a lot in those pages that is useful to telephone users. One section deals with customer services, another with finding numbers, local and long distance calling and a final section dealing with the federal rules under which Bell must operate."

More than 100,000 copies of the phone book will be delivered in Peterborough, Lindsay and the surrounding area during the three-week period starting July 15.

"This year's cover is a fiery explosion of orange and yellow, on a black background, representing fibre optics, the hair-thin strands of glass used to transmit data, voice and video communications," says Harper.

New Bell business office telephone numbers are listed in the introductory pages for all customers in Baileboro, Bethany, Bridgenorth, Lakefield, Omemee and Peterborough.

There are also new business office numbers listed for business customers in Cameron, Dunsford, Lindsay, Little Britain and Oakwood.

Listings in the white pages are now five columns instead of four. This is to conform with all other directories in Ontario.

Bell is continuing its policy of delivering one directory per household. Anyone who does not receive a copy should call the local Bell Canada business office after the delivery period.

Coordinators appointed for bicentennial events

Eight Bicentennial coordinators have been appointed to areas in Ontario by the Ministry of Citizenship and Culture, to encourage communities to celebrate the province's 200th birthday in 1984.

Brenda Couch has been named coordinator in the central area, which includes the counties of Durham, Haliburton, Hastings, Northumberland, Peterborough, Prince Edward, Victoria and York.

The coordinators will assist in developing local Bicentennial committees as well as act as a liaison between the communities and the Ontario government. They will be able to provide information regarding grants and other bicentennial programs throughout the province. In addition, these area representatives will be encouraging organizations and communities to coordinate their activities to prevent overlapping of events.

"The Bicentennial theme, Celebrating Together, depicts exactly what we are trying to do," says the Honourable Susan Fish, Minister of Citizenship and Culture. "Every community will have the opportunity to celebrate its heritage. We want everyone to join in saluting the lives and achievements of those who have made each community great, and therefore, this province great."

Ms. Couch can be contacted in Peterborough at (705) 876-1884.

Grover Springer of Haliburton is seen here with the colour television set he won in the final early bird draw for holders of tickets to the Haliburton Rotary Club car. Draw for the new Camaro will take place at the Club's carnival August 3 and 4.

Cardiff councillors grill deputy reeve

The regular meeting of the Municipal Council of the Corporation of the Township of Cardiff was held at the Council Chambers, R.R. #3, Bancroft on July 8. All members of council were present.

Members of staff present were: Gayle Billings, AMCT, Clerk-Treasurer; Ronald Mumford, Chief Building Official and By-law Enforcement Officer and Thomas Elliott, Road Superintendent.

Also in attendance were: James McGovern, Orval Cooney, Joe Paul, William Ackerman, Garfield Hogan, Walter Babor, Arthur and Grace Jackson, Liz Paul and Merrill Rush of the Ministry of Natural Resources.

Councillor John Irwin, called a point of privilege concerning item #9 listed on the agenda under "New Business": Councillor Irwin: "I do not believe this letter presented to council with respect to voucher #83-5 from R.C. McGillen our deputy-reeve's solicitor should be a matter of the Committee of the Whole, to allow all taxpayers to be made aware of the situation in question. Therefore I request council to address the letter in open session and that all questions and answers be recorded in our regular minutes verbatim."

Councillor Irwin: "I do not fully understand the letter, perhaps Mr. Duncan could elaborate?"

Deputy-reeve Duncan: "The bills were not paid when they were supposed to be approved."

Councillor Irwin: "If the matter was important, why did you not second the motion to extend the curfew of the regular meeting?"

Deputy-reeve Duncan: "The bills were not paid."

Councillor Irwin: "Who were the invoices made out of, what were the dates of the invoices, for what amount?"

Deputy-reeve Duncan: "Invoices dated from May 1."

Councillor Irwin: "Names?"

Deputy-reeve Duncan: "Wilson was one."

Councillor Irwin: "I instruct the clerk to record that there was no invoice from Wilson in voucher #83-5. A twp. part question for Mr. Duncan, was the material delivered to the municipal building and if so, did the committee inspect and sign

Please turn to Page 3

Dysart et al council minutes

A special meeting of the Dysart Municipal Council was held in the Council Chambers on Monday, May 23, 1983. Members present were Murray Fearrey, Gary McKnight, John Parish, Sidney Cooper, R. Glen Hodgson and Wayne B. Wood, clerk-treasurer.

By-law No. 83-20, a by-law to adopt the Mill Rate was read three times and passed.

The Royal Canadian Legion, Haliburton Branch, was granted permission to utilize the arena and curling club buildings and grounds for their annual summer carnival on July 18, 19 and 20, 1983.

The Haliburton Rotary Club was granted permission to utilize the arena and curling club buildings and grounds for their annual summer carnival on August 2 and 3, 1983.

Council adjourned at 7:30 p.m. until June 13.

A meeting of the Dysart Finance Committee was held in the Council Chambers on Monday, June 13, 1983. Present were: Murray Fearrey, Sidney Cooper, R. Glen Hodgson, Lloyd Leadbeater, Wayne B. Wood and Howard Roberts.

The Finance Committee recommended the payments as reviewed to council for payment.

M. Fearrey declared interest in Voucher No. 6090 and 4684 and refrained from voting and discussion.

The Dysart Correspondence Committee also met on Monday, June 13. Present were Gary McKnight, John Parish and Dorothy Baker.

Correspondence as presented was reviewed and segregated for council's attention and for reply and/or filing.

A regular meeting of the Dysart Municipal Council was held in the Council Chambers on Monday, June 13. Present were: Murray Fearrey, Gary McKnight, John Parish, Sidney Cooper, R. Glen Hodgson, Lloyd Leadbeater, Wayne B. Wood and Howard Roberts.

The clerk was authorized to empower the Ontario Provincial Police to act as agents of the municipality in enforcement of the Trespass Act on all municipal lands.

Murray Kuno will be advised that council concurs with the utilization of the original shoreline allowance in Concession 8, pt. Lots 13 and 14, however, further discussion must take place with council prior to finalization of any plans that would require municipal participation.

Due to the resignation of George Rogers, Ann Thomas was appointed to the Harcourt Recreation and Community Centres Board for the balance of 1983.

R. Glen Hodgson will attend the Percy Lake Ratepayers Association meeting, Saturday, July 30, 1983, at 3:00 p.m. as a council representative.

The sewage account of John Consack was reduced to 50 per cent for 1983 as there is no longer a basement apartment.

Council recognized the Ken Sawyer pit, Lot 4, Concession 4, Guilford, as permitted use and concurred with Ministry of Transportation and Communications wishes to utilize the said pit in future construction projects on Highway 118.

The museum by-law was amended to rename the museum, Haliburton Highlands Museum together with other minor amendments.

Lorne and Sally Laing were refused permission to operate a boardsailing school, Sun 'N Sail on Head Lake during the summer of 1983 from municipal lands.

The Bank of Montreal (Mr. Hanselman) advised that council are prepared to enter into an agreement with the bank reference the Coleman Lake subdivision (McIntosh). The municipality would request from the bank certain guarantees and the clerk was instructed to prepare and submit to the bank an updated version of the subdivision agreement containing council's concerns in this regard. The municipality will, on signing of the agreement by the bank, proceed with the road work specified.

The tender of Royal Paving Limited for paving various locations (ONIP program and other areas) was accepted in the amount of \$35,819.73. Work is to be performed at the earliest possible date.

The clerk was authorized to prepare the necessary by-law for closure and sale of the unopened section of Pine Street from Lakeview Street to its intersection with the Harburn Road to the property owners affected.

Council accepted the quotation of London Machinery Company Limited for the supply and installation of one new L-34-2.5 yard hydraulic sander, priced at \$8,795., unit to be installed between October 15 - 30, 1983, and subject to the approval of the district municipal engineer, MTC.

Kenneth Lewis was granted permission to clear trees for 900 feet by a maximum of twenty feet wide on a portion of the boundary road on the Harcourt Township portion for a fee of \$100. Lewis is to be responsible for any surveys or costs in this regard.

Mr. Simms (Pine Lake) was requested to remove the fence now obstructing the lake access point adjacent to his cottage.

The clerk was authorized to prepare the subdivision agreements on draft plan of subdivision No. 46T-82001 and on consent applications No. H-182/81 and H-183/81 and the reeve and clerk were

authorized to endorse these agreements upon their completion. Drag Lake - 15 lots. Dysart et al to take Lot 1 as the 5 percent requirement. John Parish declared interest as to resale of lots and refrained from voting and discussion.

The Hostel proposal with Snowdon Township was approved in principle and is to be signed after approval of the municipal solicitor, Ministry of Community and Social Services (by the reeve and clerk) and further review by council.

The municipality will contribute \$8,000 from Reserve #3 to the Haliburton hospital towards the purchase of a central cardiac monitoring system.

The reeve and clerk were authorized to sign the agreement with CMHA to cover delivery of the Residential Rehabilitation Assistance Program within the township.

Dysart council supported the request of the district Municipality of Muskoka re: the formation of an Acid Precipitation Committee.

The revised policy on opening and use of road allowances was adopted and included in the municipal policy book.

A certificate of Occupancy was granted to John and Marion Vanschaik for Lot 2 of Plan 547, Township of Guilford, subject to the applicant complying with all applicable regulations.

The municipality does not support the objections to By-law No. 83-11 and 81-58 and these by-laws will be forwarded to The Ontario Municipal Board for approval.

Project 501079, Haliburton Forest Owners Association, will start June 20, 1983 as revised. Thirteen positions valued at \$69,419, were approved.

The municipality offered the following lands for sale by public tender; tenders to

DO YOU HAVE

Control?

Imagine...being able to achieve your desired weight and then being able to maintain it...always!

Based on the theory of acupressure, control gently presses on specific points of the external ear, creating a reflective response that curbs your appetite. Wear it all day, or just when you have difficulty controlling your appetite...it's up to you.

You're in Control

LISTEN TO WHAT CONTROL USERS ARE SAYING.....

"I found my appetite decreased; I found much more in charge of what I ate. I lost the desired weight in about 3 weeks. I can now control my food intake, 24 hours a day, 365 days a year."

K. Moffatt, Belleville

"...how delight I am with my Control mold. I found it much safer than pills and other diet products and use it whenever I get the urge to cheat. See you at the beach."

"...Well I've done it! I've reached my goal of 26 lbs."

C. McGee, Peterborough

"I can't tell you how much easier it has been to get my weight under control...every other method of weight control failed."

A. Turner, Kingston

"Have lost 13 lbs. by using Control. It curbs my appetite and I don't want to keep eating all the time. It worked 100 per cent for me."

M. Ryan, Trenton

If you have trouble sticking to a diet because you can't control your appetite... you need

Control

Bees bug Minden

A Minden ratepayer will be asked to remove beehives from his backyard after complaints were received about swarms of bees in the community.

Municipal law enforcement officer Dick Schell told council last Thursday that five complaints about the insects were made at the municipal office three weeks ago.

The bees are thought to have come from two hives on the property of Minden resident Dave Phillips, Schell told council.

On contacting the Ministry of Agriculture, Schell was referred to the provincial apiarist at the University of Guelph, who explained that under a provincial statute referred to as 'The Bee Act', hives must not be closer than 100 feet

from any property line, and must be inspected once a year.

Under the legislation, Phillips' property is too small to permit the hives, and they will have to be moved "to someplace compatible", Schell said.

He said Phillips was willing to comply with the regulations, but had asked if he could retain the hives in his yard until September, when the creatures will become less active.

Schell said he could contact the people who complained and ask if they would agree to let the hives remain in place for two more months. If they do not agree Phillips will have to move the hives immediately, Schell said.

Stanhope has new chief

Stanhope council has appointed a new fire chief to take over the job left vacant a month ago by the death of the then chief George Wilson.

Bob Nangle will assume the job, which is a voluntary position in Stanhope. Nangle has been a member of the force for approximately 10 years, and was form-

erly deputy chief. He is employed by the Ministry of Natural Resources at the Frost Centre.

Council also appointed Don Barker to the position of deputy chief at a meeting last Wednesday. Barker, who has been a volunteer fireman in Stanhope for approximately 11 years, is a heating contractor.

Queries at Cardiff

from page 2

the delivery slip, may I see the delivery slip?"

Deputy-reeve Duncan: "All materials were delivered here except from Bauman's which was delivered to another area, not my place."

Councillor Irwin: "Who delivered the materials?"

Deputy-reeve Duncan: "I brought them here."

Councillor Irwin: "Did the committee inspect the materials?"

Deputy-reeve Duncan: "I did, the garage was built from the materials."

Councillor Irwin: "Not satisfactory. If you were so concerned why did you not attend the special meeting of council?"

Deputy-reeve Duncan: "I could not attend. I was a third party. The bills were to be paid by the Township of Cardiff in 15 days at the end of the month."

Councillor Irwin: "Why did you not insist we extend the meeting to deal with the bills?"

Deputy-reeve Duncan: "The bills should have been done first, most important."

Councillor Slighte: "Are all materials on the site at the present time?"

Deputy-reeve: "All materials paid for are on the site at this time."

Councillor Slighte: "Are there materials ordered that are not on township property at the present time?"

Deputy-reeve Duncan: "No."

Councillor Slighte: "Why are they not here? I understand there was some siding ordered - taken off the property - not used."

Deputy-reeve Duncan: "There are no items to be received. The siding was ordered but never invoiced."

Councillor Irwin: "You sit at this table and tell a pack of lies."

Clerk-Treasurer: "We never received an invoice from Mr. Bauman for the siding."

Councillor Irwin: "My point is, if we never received an invoice, how could we pay it? Regardless of any invoice, may I ask, Mr. Chairman,

Mr. Duncan if the matter of paying accounts, which may I add I personally thought extremely important, was a grave concern, why then, Mr. Duncan, did you not second my motion to extend the meeting to take care of the remainder of items on the agenda, which of course, payment of accounts was next?"

Deputy-reeve: "You had better not get in any deeper."

Councillor Slighte: "Are you addressing all of council or only John?"

Deputy-reeve Duncan: "If you look back, I don't think it takes any further discussion to find the answer to that."

Councillor Irwin: "I wish it to be recorded that Mr. Duncan threatened me."

Councillor Irwin: "I have no more questions."

The clerk was instructed to file the letter with no response.

A by-law to repeal By-law #21-82 which amended By-law 9-79, as amended was read a first time, considered read a second and third time, passed, signed, numbered By-law #18-83, sealed with the corporate seal and engrossed in the By-law Book.

Council granted Garf Hogan permission to cross the original allowance for road between Lots 25 and 26, Concession XVIII for purposes of a driveway.

A by-law to adopt the 1983 budget estimates and mill rates was read a first time, considered read a second and third time, passed, numbered By-law #19-83 signed, sealed and engrossed in the By-law Book.

A by-law to borrow for current operating expenditures was read a first time, second and third time, passed, numbered By-law #19-83 signed, sealed and engrossed in the By-law Book.

The next regular meeting of the Municipal Council will be held in the Council Chambers on Friday, August 5, 1983 beginning at 7:30 p.m. The agenda for said meeting shall close on Friday, July 30, 1983 at 4:00 p.m.

Paul Rolfe and Kirk Creelman were busy last week making changes to the prototype of the locally designed and built 'Seawind' amphibious aircraft in preparation for a trip to the international experimental aircraft show at Oshkosh, Wisconsin. Seawind has 19 hours of flying time with a test pilot at the controls, and all is going smoothly. Once the plane is certified airworthy, after 50 hours of flight, it will go into production.

Minden will sign hostel agreement

Anson, Hindon and Minden council has said it will sign an agreement to help fund a senior citizen's hostel in Snowdon Township even if Snowdon council will not take part.

At a meeting last Thursday, council said it will pay a portion of the expenses for township residents staying in Homewood Acres hostel, which is presently operating on property across from Lochlin General Store on County Road 1.

Lawyers representing the municipality and hostel operator Willis McNeille spent more than half an hour trying to work out details of an agreement that would satisfy both sides.

Dysart et al council has said it will be a party to the agreement working through Snowdon, which has not signed the document or indicated that it will sign it. But Anson, Hindon and Minden councillors

made it clear that they do not want to be bound to Snowdon, but instead, will subsidize residents in the home directly.

If the final agreement is approved by the provincial Ministry of Community and Social Services, the province will provide 80 per cent subsidy of the daily rate for a bed in the hostel, while the municipality would pay the remaining 20 per cent. The government and municipal subsidies would meet about half the actual cost, with the resident providing the remainder.

The agreement would be reviewed yearly, and would be subject to cancellation by the municipality at any time.

There are four residents of Anson, Hindon and Minden in Homewood Acres at the moment, an equal number from Dysart et al, and only one from Snowdon.

Stanhope seeks MOE help

Stanhope Township council will ask the provincial environment ministry to carry out cottage pollution surveys on all lakes in the municipality.

A survey was carried out last year on Boshkung Lake at the request of property owners, and after reading the published results, council decided last Wednesday to ask the ministry to study every inhabited lake in Stanhope.

The program involves an examination of cottage properties to determine if septic systems are working properly, and if waste water disposal is adequate and environmentally safe.

Based on the findings the ministry can compel cottage owners to undertake necessary repairs at their own expense.

The ministry is expected to reply to the request in the near future.

Contract for ambulance shed awarded

A contract has been awarded for the construction of a new ambulance depot beside the fire hall in Minden.

At a meeting last Thursday, Anson, Hindon and Minden council accepted the tender of \$16,925 from James Howe Construction to build the 28 by 32 foot building using materials purchased by the municipality.

Howe's tender includes labour and materials for a concrete slab to support the building, labour to erect it, electrical and plumbing materials

and installation, as well as labour costs to insulate and finish the lower floor of the building.

Partitions for the upper floor will be constructed by the contractor, but finishing work will be carried out on a voluntary basis by the ambulance attendants.

Howe's bid also included \$448 labour to cover over the opening left in the municipal building when the ambulance bay door is removed and installed on the new structure.

Unsuccessful bidders on the project included John Beachli Con-

struction, Don Campbell (DAC) Construction, Mountain Construction and Douglas G. Wall Construction.

Ambulance supervisor Rob Luke presented council with estimates of material costs for the structure, including materials needed to finish the upper floor. According to Luke the township will have to spend \$10,273.03 to supply the successful bidder with wood and other items. An additional \$500 to \$800 will have to be spent to close in the old ambulance bay, Luke said, depend-

ing on choice of materials, standard of interior finish and whether or not a window is installed.

Council had allowed \$24,000 for the project, but may borrow \$6000 from water department funds in order to complete it this year without going over budget.

Once the new structure is completed, the vacated bay in the municipal building will be renovated for meeting and office space, relieving pressure on cramped quarters.

Land purchased for housing project in Minden

The Staunworth Housing Corporation has purchased property for a senior citizens housing project in the village of Minden.

Anson, Hindon and Minden council agreed last Thursday to sell a 230 foot by 220 foot parcel of land adjacent to the community tennis courts, designated as part Lot 5, Concession A, to the corporation for \$19,772.

Staanworth Housing Corporation is a joint venture among the municipalities of Stanhope, Lutterworth and Anson, Hindon and Minden to obtain and administer provincially assisted housing projects.

Initial plans call for the construction of a 20-unit apartment building on the newly purchased site. The building would provide rent geared

to income as well as full market rent accommodation for senior citizens from the three municipalities. Funding for the project would come from provincial and federal coffers through the Ontario Ministry of Housing.

Reeve Lyle McKnight said provincial funding approval is expected later this month. Tenders for the building could be let in February with construction as soon as condi-

tions permit next spring.

Reeve McKnight said the municipality hopes to obtain additional housing aid through the rural and native housing program. Under this scheme, the housing ministry provides funds to purchase and renovate existing houses, or build new ones, which are then made available at mortgage rates geared to income and need.

Poison ivy patch will not be sprayed until next spring

Anson, Hindon and Minden council has an irritating problem on its collective hands, and it may be almost another year before it can get to the roots of the matter.

Since last October, cottagers in the Horseshoe Lake area have been complaining about a field of poison ivy. Municipal law enforcement officer Dick Schell inspected the spot last week and found more than a half acre of the noxious plant on municipal and private lands.

Schell told council last Thursday that the Ministry of Agriculture recommends spraying the plants in

June, and that it is now too late to kill them off. Ontario Hydro told Schell they could carry out the spraying, but cottagers in the area apparently have balked at the idea.

Schell said he had priced a commercial product called Killex, which is locally available, but that at 19.99 for a two litre tin sufficient to make eight litres of diluted spray, it would be prohibitively expensive for the municipality to use on such a large area.

Council indicated it was willing to pay for the eradication of the weed on its property, but said property

owners would have to pay for the spraying operation on their land.

Councillor Gary Kenney suggested that signs could be erected on the site to warn people about the risks until the weeds can be destroyed.

Schell said he would contact ratepayers in the area to ask if they would like the patch signed. He will inform them as well that spraying cannot be carried out until next spring, when the plant is in its period of maximum growth.

School boards under fire once again

A resolution from the County of Northumberland censuring local school boards for their spending habits has found favour with Anson, Hindon and Minden Council.

The resolution calls on the prov-

ince to give school boards the power to levy and collect taxes, or failing that, to remove education taxes from local jurisdiction and levy them on a province-wide basis, administered by provincial officials.

Editorial

An easy out

Once again the tiresome spectre of education tax revolt is haunting local politics. The latest manifestation of this annual phenomenon is a resolution from the County of Northumberland presently making the rounds of municipal councils. Northumberland councillors apparently are tired of ratepayers complaints, and think the best way to take the heat off is to let boards of education levy and collect their own taxes. Failing that, the Northumberland representatives think the provincial government should take over sole responsibility for education taxation.

Now anyone with even the vaguest knowledge of local politics can understand the reasoning behind the Northumberland resolution, and it has nothing to do with cutting education costs or improving the educational system, or for that matter, with saving the taxpayers money. It is simply a matter of wanting to make themselves look more responsible in the eyes of ratepayers who don't understand that local councils collect education taxes but school board trustees set them.

The Northumberland resolution seeks to push aside a problem rather than address it.

Education costs are rising rapidly, in some cases more rapidly than inflation. Education taxes are assessed against properties, and in this part of Ontario, often make up the bulk of annual tax bills. But when has any municipality sat down to consider seriously and carefully why education costs outstrip municipal expenditures? Do boards of education have more profligate spending habits than municipal councils because trustees are somehow less responsible than councillors? Are not councillors and trustees just interested local citizens who choose to make a contribution to the life of the community? Why should one group be inherently more responsible than the other?

They aren't of course. Trustees are themselves taxpayers. But unlike most local citizens, (and some councillors for that matter), they are informed about educational needs and priorities. They know that you can't help spending more for books this year than last year if publishers have raised their prices. They know that electrical, heating, bussing and maintenance costs rise in direct proportion to increases in materials, energy and supplies, increases over which trustees have no control.

Trustees are also informed enough to know that an educational system that is not improving is falling behind. They might be able to save taxpayers money if they didn't buy computers for example, but students, and society as a whole, would be the losers.

Teachers' salaries are a traditional bug bear, and there is no question that salaries, particularly at the upper end of the experience scale, are substantial. But teaching is a difficult, challenging and often frustrating job, and if you're going to attract good people to the profession and keep them there, you have to pay them a fair wage. And you have to pay them more every year, just as in every other job employees get annual salary increases.

Education is the foundation of society, and it has to be paid for somehow. Taxes are assessed against wealth, and property is one of the most visible forms of wealth. If you can afford a cottage or a home, you can afford to pay taxes on the wealth it represents. If you didn't have to pay education taxes directly to the municipality and in turn to the local school board, you'd pay them in some other way. And the chunk they take out of your disposable income would be the same.

Then again, many people think it would be better if the taxes were hidden instead of above board and open to local scrutiny.

Tall grass, still lake

Letters

To the Editor:

The Recreational Rehabilitation Society of Ontario would like to take this opportunity to express our gratitude to the Rotary Club of Haliburton for the opportunity of addressing this club and explaining about our project in the Haliburton area, Camp Mikashawnee, at their meeting on June 16, 1983.

Dr. Harry Good, a long-time member of the club is the person responsible for arranging this visit and we are indeed most grateful to him for his involvement. Dr. Good has been very

enthusiastic and interested in the project since we first contacted him.

The Rotary Club of Haliburton has been in existence since 1944 and has done a tremendous amount of work for charity in the past, especially with the disabled, and should be commended. It is hoped that our camp will be able to count on the support of these good gentlemen.

During my presentation, I was asked a number of very important questions by these business leaders of the community and I hope that we were

Please turn to Page 5

Notebook

by Len Pizzev

If you've got this far in the *Echo* this week, you'll know by now that it is made up of 22 pages divided into two sections. It's a big paper for us, one of the biggest of the year, and we hope you'll find something in it of particular interest to you.

Have you ever wondered why the paper has fourteen or sixteen pages some weeks and twenty-two pages in two sections on another? Is a paper small because the editor decided to get a tan instead of writing stories? Or is it because the typesetter had sore fingers? Is the paper big when there's news and small when there isn't? Does a small paper mean the *Echo's* staff has worked less hard, covered fewer events, taken fewer photos? Now, if you already know the answer to these questions, I hope you won't think I'm insulting your intelligence. But the fact is that many people who talk to us on the street or in the office don't understand what determines the number of pages the *Echo* contains in any given week. And that's not surprising. If you haven't worked for a newspaper, or know someone who does, you may not realize that advertising, not news, determines how many pages a newspaper contains. And that is just as true for the *Toronto Star* and the *Globe and Mail* as it is for the *Echo*.

Newspapers have two main functions, interdependent and equally important. Firstly, and this may surprise you, a newspaper's job is to bring advertisers and potential customers together. Each week, local businesses are consulted about what they want to tell their customers, what they want people to buy. Then a message is put together using words and art to form the finished advertisement you see in the paper. Merchants buy space in the paper according to fixed rates per column inch, and it is the money paid to buy this space that keeps the newspaper viable as a business. Papers are sold in stores and through

subscriptions, of course, and that helps, but sales of the finished paper do not bring in enough money to pay printing costs, to say nothing of salaries, office rental, telephones, equipment, supplies, transportation, taxes, insurance and so on. Most of the paper's costs are fixed, but printing costs depend directly on the number of pages each issue contains. Overall the newspaper must have more than 50 per cent of the space on each page sold to advertisers if it is to survive. The size of the paper then, is determined not by how much news there is, but by how many advertisements have been sold. News and pictures are added to make an attractive and interesting package that people will want to buy, but in business terms, news is secondary to advertising.

That's why the *Echo* is bigger some weeks than others. A small paper is small because it has fewer advertisements. A big paper is big because merchants have opted to include more and larger messages.

Why don't we just run every bit of news we can get? Because if we did that with no regard for the relationship between cost and advertising revenue, we'd be out of business in a month.

So the next time you notice that the *Echo* is small or large, I hope you won't think it has something to do with how hard we choose to work in a given week. It takes 50 to 60 hours of my time each week to get the news, take the pictures and put the paper together whether it has sixteen or 22 pages. And the same is true for the other people who work here. For some of us, the *Echo* is a seven-day a week job.

If you'd like to know more about the newspaper business, watch for an upcoming feature that will take you through the process step by step. In the meantime, good reading!

Feir Play

Creighton Feir

The reeve, deputy-reeve and members of council for the Municipality of Dysart et al have been receiving many complaints recently about the condition of the washrooms and change rooms at Rotary Beach in Haliburton. Many local citizens and visitors have been remarking that the building it would appear is lacking from someone to look after them and make sure that they are clean. This statement could be true up to a point but some of the people who are using these facilities must keep in mind the fact that if they are to be kept open they will have to leave them in a better condition after they use them. Let's not forget that the local council along with the Rotary Club of Haliburton have gone to a great deal of expense to construct these facilities that have been put there for your use. From reports we are receiving, the biggest problem seems to be on the women's change room side. One of the local officials made a tour of the building last Friday at noon and came away in complete shock at the amount of debris on the floor and as he said the walls were left in a deplorable condition. Possibly they need someone to clean them more often, but this doesn't take away from the fact that the ladies using these facilities are going to have to make an effort to make sure that they are left in a reasonably clean manner.

Marjory Rennick of R.R. 2, Haliburton phoned me on Friday afternoon to let me know that she is pretty sure that she recognizes three of the men doing the thrashing at Moose Lake as shown in last week's Pic of the Past. If you get out last week's paper you will find as far as Mrs. Rennick knows, the man on the extreme left was her father John A. Emerson, the man wearing the cap in the centre was her grandfather Blaine Robertson, and the man standing with the pitch fork was Norman Hague.

Don't forget to keep in mind that Haliburton's third Midnight Madness sale is scheduled for Friday evening, July 29 from 10 p.m. to midnight. Remember all the fun you had last year? Well, there is going to be lots more of it this year. Don't forget to watch for the Midnight Madness supplement which will appear in the June 27 issue of the *Echo*. There will be bargains galore at every store. Participating merchants are asked to have their advertisements in by this Thursday evening July 21. There will be prizes - free draws - music and a night that you will never forget.

The 1983 Ontario Open Fiddle and Step Dance Contests will be held at the Bobcaygeon-Verulam Community Centre this coming Friday and Saturday, July 23 and 24. The master of ceremonies will be Art Jamieson and the guest entertainment will be supplied by Pierre, Daniel and Louis Schryer, with Julie Schryer on piano and many others. There will be a gala Saturday evening programme with open class finals and guest entertainment.

The August 1, 1983 Civic Holiday for the Municipality of Dysart et al has been deferred until Monday, September 19, 1983.

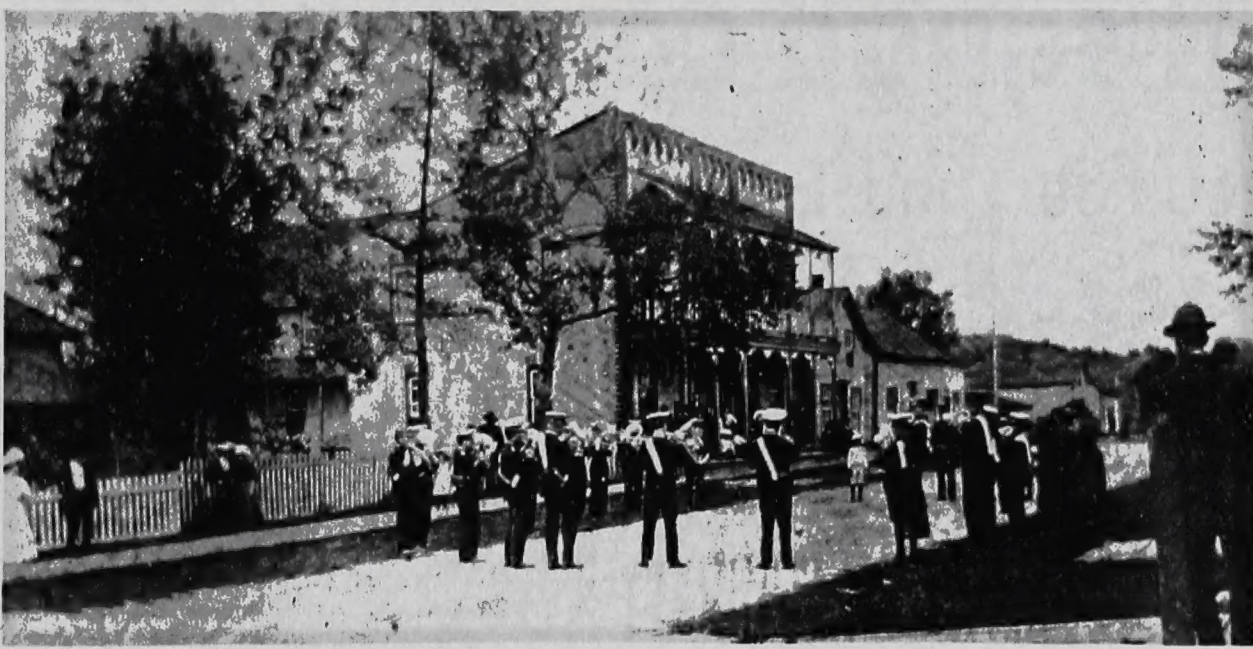

Forty Ladies from the Madoc and Ivanhoe area rented a bus one day last week for a trip into Haliburton. They came for a day of fun and sight-seeing and they weren't disappointed. Their first stop was at the Haliburton Highlands Senior Elementary School where they took time out to view the Summer Exhibition and Sale. They also visited the museum and the Rails' End Gallery and enjoyed a lunch at the Head Lake Park. This bus trip proved to this group of ladies that there's plenty to do and see when you visit Haliburton.

I picked the following from a recent Milt Dunnell sports column in the *Toronto Star*. The town of Whitby will hang out the flags and bunting for the homecoming of the Whitby Dunlops hockey team, which won the world championship 25 years ago. Harry Sinden, Wren Blair, Bob Attersley, Sid Smith and other members of the club will be on hand. Celebration date will be August 27. A press conference will be held on July 21, at Ontario Place, to reveal some of the highlights.

Gary Chapman, public relations officer for the Minden Detachment of the Ontario Provincial Police was the guest speaker last Thursday evening at the weekly meeting of the Rotary Club of Haliburton held at the Haliburton United Church basement. Gary spoke on the current topic of "Neighbourhood Watch".

Mr. and Mrs. Paul Brown and family, who were residents here at Haliburton not too long ago have returned and are now living on Park Street. Paul is back in the electrical business here going under the name of Haliburton Electric (formerly Brown's Electric).

There seems to be three things that the citizens who live in the Highlands of Haliburton can't do anything about. They are death, taxes and the weather. Well at the present time most people don't want to do anything about the weather as most of them have waited about a year for this past week and a half for this nice balmy summer weather that we have been experiencing.

Our Pic of the Past this week features the Haliburton Citizens Band playing on the main street in the year 1908. As you can see by this photo the main street wasn't paved at that time and the sidewalks were constructed out of wood. The big building on the other side of the street was the famous Grand Central Hotel and John

Lucas was the founder of this hotel which his son John Lucas Jr., also operated. John Lucas was also in the sawmill business. When you look around now you can see that we have come a long way since those days. Our thanks once again to Ronald J. Curry of Haliburton for submitting this most interesting picture of the past.

Report from Parliament

Bill Scott, M.P.

On April 19, the government brought in a new budget. I did not think at the time that many of the proposals introduced would ever be implemented.

In the area of housing, the government added \$30 million to the Canadian Home Ownership Stimulation Plan. Initially, it was thought that this program was to extend until May 31, 1983. However, as the government completely underestimated the demand for these \$3,000 home purchase grants, the money ran out on May 5.

That budget also allocated an additional \$120 million to the Canada Home Renovation Plan (CHRP). This program, which began in May, 1982, provided grants of up to \$3,000 to cover 30 per cent of renovation costs for low income and middle income families. Last week, the federal minister responsible for housing announced that the plan would end on July 12, 1983, over eight months before the March 24 date announced on April 19.

Again, the government failed to properly assess the market for these grants. As a result, only those who could afford to apply immediately will benefit.

Farm Credit was provided with a program to extend loans to farmers in distress at a reduced rate of interest. Last week, I was informed by FCC that they are out of money for this program and have stopped approving any loans on June 10. They, at that time, requested permission of the

finance minister to raise \$600 million in the private marketplace in order to meet their loan demand. The finance minister gave approval for only \$250 million. So far, the FCC has loan \$471 million with another \$326 million left hanging in various stages of paperwork, for a total of \$797 million. The FCC lending budget is approximately \$525 million, so that an additional \$250 million is not going to fully solve its lending crisis.

The Hon. John Wise, our Progressive Conservative Agriculture Critic, stated our position on this matter when he stated in a July 8 press release. "My colleagues and I would urge the minister to reconsider the FCC's request for permission to borrow up to \$600 million in the private marketplace. We would also urge him to provide \$100 million from the Consolidated Revenue Fund. This would hasten the delivery of money to the FCC since there is about a month's delay when borrowing in the private marketplace. As well, it would help to lower the overall interest rate since borrowings in the private marketplace could result in a FCC interest rate higher than its present 12 1/4 per cent."

As Mr. Wise said without an allocation from the General Revenue Fund, even the agreed extra \$250 million will not be available to farmers for at least a month, as it takes at least that long to float a bond in the private marketplace.

From the Chamber

Harvest Festival Contest

The decisions have all been made on the locations, dates and themes for the upcoming Harvest Festival. September 10 Gooderham will be turning the clock back to the late 1800's with their Klondike Jubilee. On September 17 the tropics come to our county when Caribbean Islands Night will be in Minden. September 24 we'll celebrate Canada's bicultural heritage when Stanhope says "Bienvenu a Stanhope". Finally on October 1 it will be over 100 years in Haliburton Village featuring "The Good Companions" a group that was well received when they performed at Hart Lodge recently. To help promote this fall festival the Chamber has organized four weekend packages, one for each weekend of the festival to be given away through a contest on CBC radio in Toronto. Listeners there will be invited to write in telling why they would like to come to our Harvest Festival. The four winners will win accommodations, most meals and a Harvest Festival passport. This should prove to be a most popular promotion.

A special word of thanks must go out this week to Don Smedmore of the E/J Motel who kindly cut the grass around the Chamber office last week (except under Bob Stinson's truck).

Remember to call us if you and your organization are planning any special events (circuses, bazaars, carnivals, white water canoeing or whatever). One little phone call to us allows us to put our machinery in motion and promote your event through press releases, this column, responses to visitor inquiries, etc. If we don't know about it we can't tell others about it.

To See and Do

The Leslie Frost Natural Resources Centre just south of Dorset is always a fascinating place to visit, what with its interesting exhibits and walks along the trails. This week there are two programs that should be especially interesting. On Thursday, July 21 the centre is offering a program on Acid Rain. Samples of water will be tested for acidity and the whole program will be looking at the effects of acid precipitation on local lakes and forests. July 27 you can spend the afternoon in the woods with an interpreter who will explain how the forest around you has developed from an open field. Both programs begin at 1:30 p.m. and last approximately two hours. They are thus over in time for the interpretive nature hike at 3:30. So you have a couple of good opportunities to spend an educational afternoon in the woods.

Today (July 20), the carnival gets underway in Haliburton Village sponsored by Branch 129 of The Royal Canadian Legion. There'll be a parade, midway, games of chance and lots of tasty food.

Stanhope's Fun Day is the 23rd at the community park on the North Shore Road. Bingos, children's theatre, ball games, arts and crafts and a giant beef barbecue provide lots of reasons to make Saturday your day to head up to Stanhope.

The Muskoka Summer Theatre will be present-

ing "The Fantasticks" at the Haliburton Legion Hall. Tickets for this musical about young love, parents, the world and human nature are only \$10 and are available at the Rails' End Gallery and at the door.

July 27 is a bazaar day with two on the calendar. Club 35 at Hall's Lake is holding a bazaar and tea, while the Minden U.C.W. are having a bazaar and bake sale at the Minden United Church.

The 27th is also opening day for the Minden Rotary Carnival. We'll have more details about it in next week's column.

Frank Schmidt's show of paintings continues to the 27th at the Agnes Jamieson Gallery in Minden. Admission is free and the gallery is open from 10 to 5, Monday to Saturday.

The exhibit at the Rails' End Gallery in Haliburton continues to the 31st featuring arts and crafts of all types by the faculty of the Haliburton Highlands School of Fine Arts.

Letters

from page 4

able to respond to them to their satisfaction.

Following the meeting I was presented with a copy of "Haliburton, Village 1864-1964, County 1874-1974. I have read the book with great interest and I thank the members for presenting it to me.

On June 21, 1983, I had the opportunity to address the members of the Haliburton Highlands Chamber of Commerce. I would like to thank the president, Mrs. Rhonda Elstone for making this presentation possible. I have learned that basically the Chamber is behind the concept and are wishing us well in our endeavours to get this camp operational. Both the Chamber and the Recreational Rehabilitation Society of Ontario feel that this camp will definitely stimulate the economy of the area.

Finally we are very pleased to announce that as of July 4, 1983 our Summer Employment Program on the site is underway and we have hired two young students from the Haliburton area to begin the clean-up of the site and ready it for further development.

On behalf of the Board of Directors of the Recreational Rehabilitation Society of Ontario we would like to extend to the members of the Community of Haliburton our sincere thanks for the cooperation that has been shown our Society thus far.

Ronald K. Thompson,
Executive Director,
Recreational Rehabilitation Society of Ontario,
598 St. Clair Avenue West,
Toronto, Ontario

AIR SHOW IN BANCROFT

FRIDAY, JULY 29 from 7:00 to 9:00 p.m.
Saturday, July 30 from 2:00 to 4:00 p.m.

John Robinson connects

Haliburton Jrs. win, move in on Minden

by Lori Dean

The Haliburton Jrs. took two important games from West Guilford last week to bring their points up to 18. That leaves them only four points back from the league leading Minden Dixie Lee. The Jrs. have turned into strong contenders for first place with only a few games left until playoffs.

In the first game, played in Haliburton Monday night, Miriam Smith continued to play heads-up ball belting a home run in the fifth inning and stealing home in the 6th. Jody McKnight played a strong defensive game coming up with several exciting catches in left field. Shirley Latourneau played a good game for Guilford scoring twice, once in the third inning and again in the sixth.

Marg Smith was the winning pitcher in this one with Joan McKay taking the loss. Final score was 9 - 6.

In a four pointer the next night in Guilford the Jrs. again came up big and defeated West Guilford 10 - 4. Jody McKnight carried over her fine play, this time at the plate. Pam Iles also had a good night at the plate for Haliburton, scoring twice. Tracy Harrison and Marla MacNaull (apologies to Marla for spelling her last name wrong all season), played a strong defensive

game for the Jrs. Bev Sisson and Gail Teasdale had a good night at bat for Guilford and Joan McKay pitched a good game despite the loss.

Wilberforce added two more points to their total as they defeated Carnarvon by a score of 11 - 3. Gail Krupa and Kris Storey hit well for Wilberforce scoring three runs each. Carol Gary, Jan Skelding and Karen Eager scored once each for Carnarvon.

Sue Musclow was the winning pitcher while Lil Gorcevauit took the loss.

The Minden Jrs. continue to be a thorn in Wilberforce's side as they beat Wilberforce 12 - 9 in Wilberforce. The IGA girls took to the bats early in the game scoring five runs in the second inning, but Minden roared back in the fifth and sixth and it was game over for Wilberforce. Terri Dillon played well for Minden, scoring three of their twelve runs along with team mate Wendy Ballantyne and Sue Kennedy. Andrea Burk was the winner. Sue Musclow took the loss.

Minden Dixie Lee took over the lead last week with two wins. The first from Minden Jrs. with a final score of 11 - 5. Trish Slayik and Lori Brown led Minden Dixie Lee at the plate while the Juniors retaliated with Wendy and Susan Ballantyne. Nelda Cully was on the

mound and took the win for Dixie Lee. Andrea Burk was the loser.

The second win came at the expense of the Haliburton Srs. Minden dumped the Srs. 20 - 6. Barb Barnhart went five for five at the plate while Jane Symons and Marg Fielding were four for four.

Nelda Cully was the winner again and Nancy Maughan took the loss.

Team Standings	
Minden Dixie Lee	22
Wilberforce	19
Haliburton Jrs.	18
West Guilford	18

Carnarvon	0

The
Haliburton
County Echo
457-1037

Beachli squad comes up big

Haliburton Lumber and Legion unleash 29 runs

Beachli Construction was the hot team in Haliburton men's fastball last week, notching two wins. The Beachli squad overwhelmed Curry Motors 7 - 0 on Tuesday night, then out-pointed the Kinsmen 9 - 6 Thursday night.

Curry Motors redeemed themselves Thursday night with an impressive hitting performance over the Legion, which also lost Tuesday at the hands of Haliburton Lumber.

Beachli Construction 7, Curry Motors 0

Pitcher Mark Schell recorded 13 strikeouts in Tuesday night's opener holding Legion hitters scoreless.

Things looked promising for the Legion in the first inning as Barry Boice led off with a double, and with one out, Barry Shaw was hit by a pitch and advanced to first. But two strikeouts closed the door on Curry's hopes, and that is the way it was to be throughout the game.

John Wilson gave his Beachli teammates the lead when he cracked a home run in the bottom of the first.

The builders exploded for four runs in the bottom of the third. The flurry began when Wilson was given a walk. Kevin Sisson hammered out a double, and Dave Nicholls connected for a single that enabled Wilson and Sisson to get home. Nicholls then stole second, setting the stage for a double by Wayne Speicher that produced two runs on errors in left field and at third base.

Beachli added another in the fourth when Dave Nicholls singled to bring across John Wilson, who'd walked, then advanced on a Kevin Sisson single.

Both sides were blanked in the fifth. In the sixth the builders stretched their lead to seven runs on singles by Mark Schell and John Wilson, and a double by Nicholls that brought Wilson across. Curry Motors was closed out in the top of the seventh, assuring the Beachli victory.

Haliburton Lumber 18, Legion 11

Tuesday night's second game was a hitter's bonanza as each team made easy work of the other's pitching. By the time the flurry ended, an incredible 29 runs had been scored.

The Legion was shut out in the top of the first, but in the bottom of the inning, Jim Winn slammed out a triple and Bernie Nicholls connected for a home run that also scored Winn.

In the top of the second the Legion began to click. Ron Perrin walked, Sid Cooper singled, Stuart Baker singled and Lyle Sawyer hit a fly to centre that brought in a run. Bob Penfold then walked, Wells Robertson hit a single

to drive in two, George Nicholls singled, Tony Salvatori hit to a fielders choice and Gene Newell connected for a double that drove in two runs.

The Lumbermen failed to score in the bottom of the second, then held the Legion off in the top of the third.

With the builders up to bat again in the bottom of the third the ball really began to fly.

Jim Winn and Bob Johnston each hit safely on, then Bernie Nicholls cracked a home run. Leigh Bull followed up with a homer, and as the order advanced, Earl Bull, Doug Rupre, Rod Sisson, and Jim Winn each got round the bases for a nine-run inning that put the builders ahead 11 - 6.

The Legion replied with two in the top of the fourth, as Salvatori and Newell singled, then crossed the plate on singles by Cooper and Baker.

The Lumbermen still had the momentum, however, and they used it to add four more runs in the bottom of the frame.

Rupre and Dwayne Lewis singled, Winn got a one bagger that drove in two, Johnston doubled to bring Winn across, then Nicholls hit a grounder to third that brought Johnston home.

Legion hitters added only one more in the fifth on singles by George Nicholls and Tony Salvatori, and a sacrifice fly to centre by Gene Newell.

The Lumbermen were blanked in the bottom of the fifth, then held the Legion scoreless in the top of the sixth.

In the bottom half, Kelly Mitchell led off with a single for the lumbermen, advanced on a single from Winn, then scored on a three RBI homer off the bat of Bernie Nicholls.

That gave Haliburton Lumber an 18 - 9 lead. It proved to be insurmountable, even though the Legion did get two more men across in the top of the seventh for a total of eleven runs.

Beachli Construction 9, Haliburton Kinsmen 6

Thursday night's action was a little less frantic, but there was no shortage of runs once again.

Beachli hitters got off to a quick start, opening the game with a Dave Nicholls double, then converting as Kevin Sisson got on through an error. Mark Schell singled and John Wilson hit a sacrifice fly to centre to make it 2 - 0.

The Kinsmen were blanked in the first four innings, while the Beachli builders added two more in the top of the third on a walk to Mark Schell, a single by Wilson, an error that put Duff Mitchell on and a single by John

Robinson.

The Kinsmen finally got on the board in the bottom of the fifth. Kevin Finch notched a triple and Steve Bishop got on through a fielder's choice. Ron Linklater then stepped up to the plate and hammered out a home run to score three.

In the top of the sixth, John Robinson led off with a double for the builders and he was followed by Jeff Carpenter, who connected for an RBI single.

The bottom half of the inning saw the Kinsmen add one more on Dwight Sisson's single and an RBI double from Jerry Walker.

Beachli's added one more in the seventh to take a 6 - 4 lead and put the pressure on the Kinsmen for the last of the regulation at bats.

Kevin Finch kept hopes

alive with a single, then Steve Bishop was safe on an error. Ron Linklater was next up and he came through with a double to score two and force extra innings. Both teams were blanked in the eighth.

In the top of the ninth Kevin Sisson singled and Mark Schell cracked a homer to put the builders ahead by two. Wilson then singled, Duff Mitchell got on through an error and John Robinson hit into a fielder's choice that scored a third run.

The Kinsmen went down three straight in the bottom of the ninth to give the builders a hard-fought 9 - 6 win.

Curry Motors 10, Legion 0
The second game of the night belonged to Curry Motors, who came up with a

spate of unanswered runs to blank the Legion 10 - 0.

The Motormen led off with two, as Bernie Upton, Barry Shaw and Rob Dennys singled and Scott Arbuthnot hit a sacrifice fly to left field.

Phil Smith made it around in the second, aided by Shawn Gilligan's single.

In the third the Motormen connected for four runs, as Dennys hit a two run homer, then Peter Fearrey and Smith got home.

Scott Arbuthnot notched an RBI single in the fourth, while in the fifth, John Parish scored on a Barry Boice triple, then Boice made it home to cap the win.

The Legion recorded only two hits in the game, while the motormen hit safely 14 times.

Close action at third base

Bobsledders to run in race

Heineken Yard set July 29 over 4.5 mile course

The Canadian Select Bobsled Team will join forces with the Brooks racing team at the twelfth annual Heineken Yard road race in Minden.

The Heineken Yard will run Friday, July 29, 1983 with a starting gun at 4:30 p.m. sharp. The course covers 7.2 km (4.5 miles) or rolling rural road, beginning at Onondaga Camp and ending in town with a sprint along Main Street to the

finish at the Rockcliffe Hotel. Returning for the third year, the Bobsled team will find plenty of company out on the race course. In both 1981 and 1982, the 'Yard drew nearly 300 runners from throughout the province despite being held on a weekday. This year, the bobsledders will again run the first 3.5 miles and then push their 600 pound sled the last mile of the run.

In February, 1983, the

Canadian Select Bobsled Team placed ninth at The World Championships in Lake Placid, New York, in performance which guaranteed them a berth at the 1984 Olympics in Sarajevo, Yugoslavia.

All proceeds from the Heineken Yard, including pledges won by the Brooks Racing Team, will go to the Canadian Selects for their Olympic Challenge - winning a Gold Medal.

Training will begin again at the

HOSPITALITY TRAINING CENTRE

to train Waiters/Waitresses, Bartenders, Housekeepers and Kitchen Helpers.

The training program is scheduled to start mid-September. If you wish to be considered for this training program, drop by the training centre to pick up an application form (8:30 - 4:30 p.m.) The deadline for applications is August 12th, 1983.

Local soccer players defeat Orillia squad

by Jim Milne

The Dixie Lee soccer team defeated Orillia Bell 4 - 3 in Haliburton Sunday. The Orillia team had only 10 players; nonetheless they opened the scoring on a penalty shot and added another before Ivor Thompson

Jeff Wynne challenges

scored one for Dixie Lee. The home team substituted regularly and the heat must have been tiring but the undermanned Orillia team scored again in the second half.

At this point the strength and speed of the Dixie Lee team became apparent. Ivor

Thompson scored his second goal with a well placed long shot from the edge of the penalty box. Tim Davies tied the score for Dixie Lee when he outran the defenders to a pass up the wing. Terry Crowe scored the winning goal from a similar play.

With five minutes left Orillia Bell bounced a ball off their opponent's post. It rolled along the goal line but was cleared by Steve Hogg who thus preserved the win.

The team will practise in Haliburton this Thursday at 7:00 p.m. Any interested person is welcome to scrimmage with the group. The team will then travel to Bracebridge to play the Centennial on Sunday, July 24.

An exhibition game is scheduled on Sunday, July 31 against Peterborough Marandlers. Team members were also pleased to hear from Rod Foster of the Peterborough Industrial League, and are planning to play them in Minden on Thursday, July 28.

Tim Davies shows some fancy footwork

Tournament a tough test for fishermen

Fishing was excitingly tough last weekend at the Rice Lake Bass Tournament in the Kawartha. The fourth in the 1983 Labatt's Fishing Championship series drew top notch fishermen from across Ontario, Quebec and the States.

The crowds were overwhelmed when Al Lindner and Ted Capra produced 30 pounds of bass to take first place in the two-day event. Lindner and Capra from Brainerd and Minneapolis, Minnesota, won a Lund boat, Caltrailer, 25 HP Mercury outboard motor, deer skin vests, and \$2,000.

Second prize of two Minn-kota motors and \$1,500 went to Les Zuk and Walter Mizuk of Rexdale with a weekend total catch of 21.75 pounds.

Third place winners were Jim Bested and Peter Loucks of Keene, Ontario, weighing in with 19.87 pounds, earning two Walkerdorn riggers, two Fenwick flipprn sticks and \$750.

Instead of awarding bonus ounces for live release, this tournament was prepared for penalty loss for a dead fish, but between that ruling and the calibre of fishermen, there was a 100 per cent live release.

Although weather conditions remained favorable for boating, heavy weeds and previous high winds caused regulars to have problems locating the big bass.

While many were skunked, Lindner and Capra were consistent in locating and culling their limit. Sharing their secret, Lindnes suggested finding a "feeder bay" with "coon tail weeds" in about two feet of water and working that area with worms and jigs.

The big fish of each day was 5 pounds caught by F. Kossak of Canton, Ohio, and 5.4 pounds caught by A. Katsumi of Toronto winning them Mercury Thruster motors.

One fish was tagged and released by Labatt's winning the angler who catches it \$1,000.

Plans for next year's tournament are already underway with possibilities of increased entry fees and higher stakes.

North Woods challenge brings Pee Wees to town

Local team makes it all the way to the consolation final on the strength of very fine play

With temperatures hovering around the 90 mark, hockey was a long way from most people's minds over the weekend, but that didn't stop local hockey supporters from organizing the North Woods Challenge Cup, which attracted seven top ranked Pee Wee teams to the Dysart arena.

Action began Saturday afternoon and continued through Sunday, with finals getting underway late in the afternoon. A team from the Ottawa Valley came out on top after a series of close and exciting games, taking home gold medals for their efforts. Silver honours went to the Northern Selects, with the Upper Canada Braves finishing third and earning bronze medals.

The opening game pitted the Northern Selects against local Pee Wees from Haliburton.

Scoring for the Selects were David Sharp with two goals, Todd Taylor with a goal and an assist, Scott Russell with a goal and an assist, Derek Julian with a goal and an assist, Dean Seabrook with an assist, and Steven Lucas, also with an assist.

Scoring for Haliburton were Ron Perrin, and Jeff Ingram assisted by Erin Nichols.

Final score was Selects 5, Haliburton 2.

Most valuable players were Gavin McKnight for the Selects and Jeff Ingram for Haliburton.

In Game Two, Ottawa and

the Upper Canada Braves played to a two-all tie.

Game Three was a close one, as the Northern Selects edged out Metro East 5 - 4.

Scoring for the Selects were Mike Lennox with three goals, Dean Seabrook with one goal and two assists, Scott Reynolds with a goal and an assist, and assists to Lenny Greer, Rob Hatfield, David Tracey and David Sharp.

Most valuable player of the match was the Selects Mike Lennox.

In Game Four, Haliburton put on an impressive display against the Upper Canada Braves, digging in for a five-all tie.

Scoring for Haliburton were Mike Rupnow with three goals and an assist, Erin Nichols with a goal and two assists, and Jeff Ingram with a goal and two assists. Most valuable player for Haliburton was Mike Rupnow.

In Game Five, Ottawa Valley got by Lakeshore 'A' 4 - 3.

In Game Six, Lakeshore 'A' edged out Metro East 6 - 5.

Game Seven was an all Haliburton show, as the local Pee Wees dominated the Lakeshore Selects 9 - 1.

Erin Nichols came up with an impressive five goal performance and also notched an assist in leading the local boys to victory. Other scorers were Jeff Ingram with two goals and two assists, Jeff Warburton with one goal, Jeff Francis, also with a goal, Collin Hunter, Drew Mitchell and Mike Rupnow, each with an assist.

Not surprisingly, Erin Nichols was named the most valuable player.

In Game Eight the Upper Canada Braves met the Lakeshore 'A' squad. Scores

were not available.

Game Nine was an easy skate for the Northern Selects, who fired home eleven goals while allowing only two by their opponents, the Lakeshore Selects.

Scorers for the Northern squad were Scott Russell with four goals and an assist, Scott McQuade with two goals and an assist, Mike Lennox with two goals, David Sharp with a single marker, Steven Lucas with a goal and two assists, Lenny Greer with a goal and an assist, David Tracy with three as-

sists, and Scott Reynolds with an assist.

Most valuable player was the Northern squad's Scott Russell.

The Echo regrets that due to technical problems, pictures from the tournament were not useable

Game Ten saw the Selects taking on Ottawa, but this time they found the goals a little harder to come by, dropping a 13 - 5 decision.

Lenny Greer had two goals for the Northern squad and was named MVP. Other markers were notched by Mike Lennox, Scott Mc-

Lakeshore Selects got by the Metro East club 11 - 9.

The consolation final pitted Haliburton against the Upper Canada Braves, and despite a good effort, the local boys came out on the losing end of a 7 - 3 score.

Connecting for Haliburton were Erin Nichols with a goal and an assist, Jeff Ingram with a goal and an assist, and Mike Rupnow, also with a goal and an assist.

Drew Mitchell was named the most valuable player for Haliburton.

In the Championship match-up, Ottawa Valley met the Northern Selects and came out on top, 5 - 2.

Scoring for the Northern club were Mike Lennox with a goal and an assist, Scott Reynolds with a goal, and Derek Julian and Lenny Greer with assists.

Most valuable player for the Selects was Ron Loucks.

Splake stocked in area lakes

Splake, the popular cross between lake trout and brook trout, will be testing the skills of fishermen in many areas of Ontario in the near future.

Natural Resources Minister Alan Pope said that approximately 30 lakes in the Muskoka-Haliburton area and in eastern and north-eastern Ontario were stocked in the past month with 70,000 yearlings.

"These excellent sport fish offer a real challenge at the end of the line and make mouth-watering meals when

caught," the Minister said.

He said this year's stocking marks the first large-scale splake planting in inland waters. "In future, they will also be stocked in north-western Ontario."

Pope said the province's splake stocking program would continue to provide high-quality angling in areas devoid of brook trout and

lake trout.

Splake are planted into lakes where competition from native trout does not exist. Past studies have shown that splake survive better, are larger and are caught more frequently than lake trout or brook trout in these waters.

The splake stocking is in

addition to the ongoing lake trout backcross stocking program in Lake Huron. The lake trout backcross -- a cross between a male splake and a female lake trout -- is being planted in Lake Huron to replace the dwindling population of lake trout that had suffered from sea lamprey predation and over-fishing.

Lois and Herb Walker, an Ottawa couple who entertain youngsters with the Puppets, puppets made out of household materials, were in Haliburton Saturday afternoon for a performance sponsored by

the Guild of Fine Arts. The show was a lively blend of music, humour and high energy story telling that enthralled youngsters and their parents.

Rails End News

by Marnie Blair

Throughout July, Rails' End Gallery, in conjunction with the Haliburton School of Fine Arts presents "The Faculty Show".

Words are, as is often the case, inadequate to describe the varied pieces. Indeed, the work of each artist is such an excellent display of workmanship that one needs to see the exhibition in order to fully appreciate it. It is possible, however, to convey, in general, what one can expect to see at the Faculty Show.

Visitors to the exhibition are immediately greeted by "Vern, Edna and their child". These wonderful paper mache creations by Jane Buckles seem to have stepped right off the beach. They are a source of delight, probably because they remind everyone of someone whom they know. There is another character in the show that, unlike "Vern and

Edna" surely reminds no one of anyone they know. Dzintra Mezulis' "Darkness Draws Near", a frowning sculpture of clay, draws the attention of all. The intense figure, wearing a bison whipper's headress, a 16th century codpiece, and sitting on a 20th century Coca Cola crate, is eerie to the point of being macabre.

The show features exquisite jewellery and enamelling. In the Waiting Room, Madeline Chisholm's intricately worked silver jewellery and Paula Letki's bold designs delight all. The brightly coloured enamelling of Faye Rook and Alan Perkins grace the Main Gallery.

The faculty of the School of Fine Arts includes a wide selection of painters. Just a short sampling of the many painters, sketchers and printmakers gives an idea of the variety included in the show. Marilyn Brooks, perhaps best known as a popular

Yorkville fashion designer, has contributed several bright water colours. The works of Cassandra Wyskowski, a gifted Japanese brush painter, feature soft colours and delicate brushwork. In contrast to Brooks and Wyskowski is the realist painter, Gil Strudwick. So true to life are Strudwick's paintings that several people have mistaken them for photographs.

As a special feature of the faculty show, the spinning, weaving and knitting yarns of Ted Carson of Handcraft wools are on sale in the

Waiting Room Gallery throughout July. Cottons, silk and wools, "Lopi", Shetland wools, brushed wools and more are available in a broad spectrum of colours.

And don't forget, "The Fantasticks", New York's longest running musical, which has been described as "a thoroughly enjoyable and entertaining musical comedy". "The Fantasticks" will be performed at the Haliburton Legion at 8 p.m. on Thursday, July 21. Tickets are available at Rails' End Gallery or at the door.

Nursery and Church School at each Service

Senior League

by Bert Harrison

Sunday, Doris took a busload to the Stanhope Fly-in. We didn't go -- many times have been. They said there were many planes. It was a perfect day.

We had a lot of company while the others were away. It was so nice to have Mr. and Mrs. Brubacher back with us again. Hadn't seen them since I don't remember when. He took part in the service Sunday night and was our special guest while Rev. Burgess and family are on holidays, having a much needed rest.

Linda showed us two interesting movies Monday night, "Planet Earth" and "Point Pelee". What a wonderful sight. Gordon

Sharpless of Minden Gospel Church conducted a nice service in the chapel this twelfth of July day, for Rev. Wicks, who was called away. Mrs. Ruth Thompson came to sing and play.

Tuesday noon, Doris said, "Wouldn't it be great to climb into the Hyland bus to help celebrate?" To this we agreed and did do and all we had for music was a gazoo.

The girls could surely play this and all kept tune with song. We were really enjoying the trip while the bus just rolled along. We went to Vankoughnet and viewed their ancient church, built about 1834. Then we climbed back in the bus and whooped her up some more. We all enjoyed the trip all the way through. All we really lacked was some good old

mountain dew.

I try to do my best to tell you the happenings here at Hyland Crest. Angus Coulter has his workbench set up - it sure is quite a sight. He refinishes furniture and does the job just right. Ted Carr, too, has been busy making model trains, rocking chairs, flower carts and such. This is something appreciated very much.

Joan Kernohan's birthday is on July 13; she says she has to work or she won't get any pay.

Helen Brown has not been well, but as I write this letter, she says the last few days she has been feeling better.

Thursday afternoon the Gelert Gals came over with a nice lunch they had made, although the thermometer

registered 90 in the shade. Instead of serving tea they served lemonade. The heat to some of them didn't mean a thing, they got up and danced to the tune of Darling Nellie Gray and Red Wing. Then Doris played for a grand old sing song. We thank you girls for coming, so glad you came along.

It has been so hot, we didn't have music night, although some was booked. The hens are laying eggs, they say, already cooked. Friday afternoon, despite the heat, Fred Ballard came in smiling, and Mrs. Coburn, cool and neat, in voice was most beguiling. Grace read a poem about the apple tree, also what do you suppose, one about the first lady to

Please turn to Page 10

Stanhope Fun Day set to go

Are you looking for something to do this Saturday, something that is free and just plain fun? Then why not head out to Stanhope Township and take part in the community's annual Fun Day.

Since its inception several years ago Stanhope's community festival has grown into a full slate of activities with something for everyone. But the emphasis of the day remains the same - an inexpensive neighbourly gathering with games and competitions for children, friendly tournaments for adults, demonstra-

tions, sales, a dance and plenty of good food.

Activities will get underway at 10 a.m. at the community centre on North Shore Road. There will be children's races (everyone gets a ribbon), a mutt show, a decorated bicycle competition, horseshoe and dart tournaments for adults, a senior citizens tea, a bazaar and bake sale, bingo, a crafts sale, a Bavarian garden, a display of model rocketry, and other activities. The township's firemen will demonstrate the use and effectiveness of various types of fire extinguishers.

Throughout the afternoon there'll be movies for children in the community centre.

When hunger strikes, you'll find plenty of good food available including hot dogs, hamburgers and barbequed beef.

The day will conclude with a dance, which gets underway at 9 p.m.

As usual, admission is free, as are all the activities, with the exception of bingo and any tournament entry fees used to provide prize money for the winners.

Senior League

from page 9
powder her nose.
Our sympathy from all the residents here goes out today to the family and friends of Mary Langdon, who recently passed away.
The Happiest Man
Happy is he, who by love's sweet song is cheered today as he goes along.
Happy is he, who believes that tomorrow will ease all pain and take away sorrow. Happy is he, who on earthy sod has faith in himself, his friends and God.
I close this letter with an amen. The weather's so hot, believe it or not, it's melting the ink in my pen.

Library has cameras

The Haliburton County Public Library through its ten branches offers many services to its patrons such as books, magazines, large print books, films, projectors and now has a new program - that of borrowing cameras.
The cameras are the new Sun 650 which have been provided as a gift to the library by Polaroid.
There are two cameras, one will be in the Minden Branch and the other in the Dysart (Haliburton) Branch.
The cameras may be borrowed by members in good standing, 18 years of age and over. In order to ensure safe return of the camera the borrower must deposit \$10 which will be returned when the camera is brought back.
For more information, contact Haliburton County Public Library, at 457-2241.

More blood needed

The Canadian Red Cross, Ontario Division, has issued an appeal for all Red Cross Rare Birds to flock to the summer blood donor clinic being held in their communities.
"It's a Rare Bird who takes the time to remember others during the summer months by being a Red Cross blood donor," said Janet Jones, Chairman of Blood Services for Ontario Division. According to Jones the need for blood and blood products never takes a holiday. While there is not a blood shortage in Ontario at this time the blood bank does dip during the summer months with so many regular donors away.
"The situation is especially serious following every summer long weekend. That's the time we really need our Rare Birds to attend Red Cross blood donor clinics just prior or just after each long weekend," she said.

Many people who attended the Country Good Times Festival in Wilberforce over the weekend hunted for bargains at the flea market set up in the community's curling club. Here prospective buyers look over the selection of used books.

New paramedic training program set

Ontario's long-planned paramedic program will enrol its first students October 17 and by the end of the year its first graduates will be manning ambulances in Toronto and Hamilton, and air ambulances based in Sudbury and Thunder Bay.
Health Minister Larry Grossman announced that management board of cabinet has given final approval for a pilot project to train ambulance attendants in advanced life support techniques for accident and cardiac victims.
Once the project is completed, he said, the full paramedic training program will be made available to attendants in other communities which have the necessary support services. Grossman also said he would set up a special implementation team to help communities move quickly towards full emergency health services.
The paramedic students, who all now hold the basic Emergency Medical Care Attendant (EMCA I) Certification, will be trained by a team of experienced paramedics.

Fatalities down to 24 year low

Motor vehicle fatalities in 1982 were the lowest in 24 years, according to Ontario Minister of Transportation and Communications James Snow.
In 1982, 1,138 people died in highway-related accidents, down 21.2 per cent from 1981. Within that total, pedestrian fatalities declined 24.5 per cent -- from 237 in 1981 to 179.
Injuries dropped 7.5 per cent, down to 92,815 from 100,321 in 1981.
"I'm very glad to see this trend continue," said Snow, "but it still appals me that just over 94,000 people were killed or injured on our highways last year. To put that figure in perspective, that's more than the total population of Guelph or Peterborough."
Snow expressed special concern over the number of motorcycle fatalities and injured. Last year, 126 motorcycle drivers and passengers died in accidents, up from 107 in 1981 - a 17.8 per cent increase. Injuries were up as well, from 5,189 to 5,641.
"What is particularly distressing about the motorcycle statistics is the high number of riders who died breaking the law. Up to one third of all motorcycle fatal accidents involved unlicensed motorcycle drivers."
"Fourteen per cent of those drivers and 18 per cent of their passengers killed were not even wearing their helmets. And 37.5 per cent of the drivers killed were impaired or had been drinking."
"If the laws established for the regulation of motorcyclists were obeyed, that terrible death toll would decrease dramatically," he added.
"I hope these statistics will remind every driver of the need for care, common sense and respect for the rules of the road as we enter the summer months -- traditionally the worst for motor vehicle accidents," Snow said.

ONTARIO GOVERNMENT TENDER

NOTICE TO EQUIPMENT OWNERS
The following equipment is required for winter maintenance during the 1983-84 and 1984-85 winter seasons.
Single Axle Trucks with Operator
Trucks with a minimum G.V.W. of 13,600 kg, single axle, suitable for mounting 5 cubic yard (4.2 cubic meter) power sander, are required at the following locations:
Tender No. 11-83-38 - 1983-84 Winter Season Only
One truck required at each of the following locations: Parry Sound, Glen Orchard and Dunchurch. Two trucks required at Patterson's Corners.
Tender No. 11-83-39 - 1983-84 and 1984-85 Winter Seasons
One truck required at each of the following locations: Huntsville, Emsdale, Dwight and Dorset.
Tandem Axle Trucks with Operator
Trucks with a minimum G.V.W. of 20,400 kg, tandem axle, suitable for mounting 8 cubic yard (6.13 cubic meter) power sander, are required at the following locations:
Tender No. 11-83-40 - 1983-84 Winter Season Only
One truck required at each of the following locations: Dwight, Dorset and Minden. Two trucks required at each of the following locations: Huntsville, Emsdale and Haliburton.
Tender No. 11-83-41 - 1983-84 and 1984-85 Winter Seasons
One truck required at each of the following locations: Glen Orchard and Dunchurch. Two trucks required at each of the following locations: Mactier, Parry Sound and Gravenhurst.
Loaders without Operators
Tender No. 11-83-42 - 1983-84 Winter Season Only
Front-end loaders with suitable cab, on rubber tires, having a standard size bucket of at least 5/8 cu. yds. (SAE rated), and a minimum operating weight of 13,000 lbs. The bucket width must be wider than the front wheels, but not to exceed 120 inches. The cutting edge clearance when the bucket is dumped at 45 degrees will be 9 feet, 10 inches minimum. (Extension arms added to loaders will not be accepted). The reach when the bucket is dumped with a 9 foot, 10 inch cutting edge clearance will be 2 feet, 4 inches ahead of the machine.
One loader will be required at Mactier, Parry Sound, Gravenhurst, Glen Orchard, Huntsville, Emsdale, Dwight, Dorset, Minden, Haliburton and Dunchurch.
Sealed Rental Offers on forms supplied by the Ministry will be received by the District Engineer, Mr. D.A.O. White, until 1:30 p.m. on

WEDNESDAY, AUGUST 24, 1983
Specifications, Rental Offer forms and envelopes may be obtained in person or by mail from the District Office, 207 Main St. West, Huntsville, Ontario, POA 1K0. Telephone: 705/789-2391.
The lowest or any tender not necessarily accepted.

1984 'Tourism Year' in Canada

The proclamation by the Tourism Industry Association of Canada (TIAC) of 1984 as "The Year of Tourism in Canada" will be fully supported by Tourism Canada, the federal agency responsible for tourism, the Honourable William H. Rompkey, Minister of State (Small Business and Tourism) has announced.

It was the number of special anniversary celebrations scheduled across the country next year, combined with the usual wide range of annual events, that prompted designation of 1984 as 'The Year of Tourism in Canada' said Rompkey. The purpose is to create a basic theme for the promotion of all 1984-related events.

There are more than 30 special dates to be observed in 1984, including the 450th anniversary of the arrival in Canada of Jacques Cartier; the 200th anniversary of Loyalist Settlement in P.E.I. and Ontario, the Bicentenary of New Brunswick and The Six Nations Reserve near Brantford, Ontario; and milestone birthdays for Toronto (150th), Stratford, Ontario (125th), Calgary (100th), and Yellowknife, Northwest Territories (50th). Next year also marks the 25th anniversary of the opening of the St. Lawrence Seaway.

1984 is also special in that it marks the first-ever visit of a Pope to Canada.

Said William Pattison, Board Chairman of TIAC: "So much will be going on across Canada next year that we felt a common theme would help the cause of overall promotion. It is significant too that 1984 also marks 50 years of close cooperation among all sectors of Canada's tourism industry. So, everything considered, designating the 'Year' serves several purposes."

The "50 years of cooperation" within the industry dates from creation of the Canadian Travel Bureau by the Government of Canada in 1934. That organization is now known as Tourism Canada.

TIAC and Tourism Canada are collaborating on plans for "The Year of Tourism", which will concentrate on increasing travel in Canada by Canadians, and making Canadians more aware of the importance of tourism to the nation's economic and social well-being.

Celebrations of special dates range from the simple to the elaborate, from fire-

works to the arrival of the world's tall ships in Canada. For more information on what is planned please contact Tourism Canada, Ottawa.

from page 10

icate, will first take a nine-week course to qualify for the EMCA II certificate. They will be trained in advanced patient assessment, and airway management, intravenous fluid therapy, application and inflation of anti-shock garments as well as provision of nitrous-oxide / oxygen for pain relief.

This program will start with three weeks of lectures at the Toronto Institute of Medical Technology. This will be followed by two weeks of training at one of the teaching hospitals and a four-week "bonding" period during which the attendants will work closely on-the-job with doctors, who will initially travel along with them in the ambulances.

The second phase of the pilot project training program, another nine-week course to follow the EMCA II training will turn out the province's first EMCA III's. It will include such advanced

life-saving procedures as application of rotating tourniquets, insertion of tubes to assist breathing, administration of drugs, cardiac monitoring and defibrillation.

The Minister said that 54 ambulance attendants should be trained in the EMCA II program which will run through the winter, with a new class of six starting each three weeks. Most of these will go on immediately to the EMCA III training program. Long-range plans call for EMCA II's on the staff of most of the province's ambulance services, with EMCA III's in major population centres as well as on the dedicated air ambulances, making full paramedic service available to virtually everyone in the province.

Cost of the pilot program is estimated at \$970,000.

Comprehensive System S
In October, 1981, the ministry announced that paramedics would be included in a

comprehensive emergency system to be implemented across the province, and Grossman emphasized that advanced life support training for ambulance attendants is only part of that program.

"Paramedics and air ambulances are the glamour items in emergency health," said the Minister, "but the other elements are just as important. Paramedic service isn't going to make much difference in the final outcome for someone who collapses in the street and lies there unaided until the ambulance comes because no one around him knows how to do cardio-pulmonary resuscitation. Nor will it help the patient who is resuscitated and stabilized by the paramedics if the patient cannot be taken rapidly to a facility where appropriate care is immediately available, a hospital which is part of an integrated and categorized hospital system."

ing program," Grossman said, "will be established only in those communities which have most of the other elements of a comprehensive emergency system."

These, he said, must include:

- CPR and first aid training for firemen, police and the general public
- a central emergency number, such as the 911 number
- a tiered response system in

- a tiered response system in which fire, police and ambulance services work together (firemen or police may often be first on the scene with CPR and first aid skills)
- central ambulance dispatch to link the ambulance service by radio with other agencies, hospitals, etc.
- a base hospital with community and medical acceptance, open 24-hours and staffed by physicians trained in emergency procedures who will supervise the par-

amedics and delegate the authority to perform sophisticated life support procedures.

- an integrated hospital system capable of providing the best care for trauma, cardiac, burns, spinal cord injuries, head injuries, poisonings, and psychiatric and neonatal emergencies.

Grossman said many communities are well on the way to putting these services in place. Sixteen district health councils now have emergency health committees working on implementation plans and regional representatives of these committees will serve on the ministry's implementation team.

"We are putting a comprehensive emergency health system in place," said the Minister, "and to make sure we get the most effective service, some tough decisions will have to be made in each region."

Snowmobile permits extended

The Ontario Ministry of Transportation and Communications announced recently that the current 1982/83 snowmobile permit has been extended from June 30 to September 30.

Effective October 1 there will be a one-time permit validation procedure and the owner will pay that fee for the lifetime of the machine.

Every vehicle will be issued a permit and validation stickers, which will be attached to the sides of the vehicle cowling.

This new system will benefit snowmobile owners who will have a one-time validation instead of an annual fee and will result in a more accurate up-to-date vehicle registration file.

Good Times in Monmouth Township

Parade a crowd pleaser, events well attended

Scorchingly hot weather, a good old-fashioned community parade and a full slate of activities and entertainment brought hundreds of people to Wilberforce over the weekend for the annual Country Good Times festival.

Along with the popular country and western jamboree, the Country Good Times ball and live entertainment in the arena, there were contests, sales, a midway, a parade, a pancake breakfast and an amateur contest to keep people busy and amused throughout the three-day festival.

One of the highlights of Friday night's events was the crowning of Miss Country Good Times, sponsored by the Monmouth Firefighters. Winning the honour this year was Tara Regota of Mississauga, who was sponsored by Elephant Alek Lodge.

First runner-up was Chris Storey of Wilberforce sponsored by Glen's Tire. Second runner-up was Tanya Rosenberg of Haliburton, who represented A.L. Barris Construction.

The trio reigned over the rest of the weekend's activities and greeted crowds lining the parade

route from atop one of the municipality's fire trucks.

The amateur contest got underway Saturday afternoon, with the finals slated for 2 p.m. Sunday.

Winner in the senior division was Sharon Beck of Toronto. Second place went to Kathy Wana-maker of Bancroft, with third prize awarded to Scott Gartshore of Minden.

In the Junior Division, Michel Smithers of Pembroke was the winner, with Mary Ellen Coghlin and Lisa Robinson of Harcourt in second spot, and Lana Rupnow of Stirling in third place.

The parade, always one of the highlights of the Country Good Times, was well supported again this year. Two bands were on hand to provide stirring music, while clowns, floats, bicycles, motorcycles and decorated cars and trucks added variety to the lengthy assembly.

All in all, it was another successful weekend for organizers and visitors, as the pictures on this page show.

by Len Pizzey

District News

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Page 14

Gooderham News

A pretty wedding took place in the United Church last Saturday when Sharon Nicholson became the bride of Dennis Travis. Officiating were Rev. Fred Elstone and Maurice Bradley. Jean Goff presided at the piano.

Assisting the bride as matron of honour was Eila Hawtin while the bridesmaids were here youngest sister, Tracy Chambers and her twin daughters, Brenda and Michelle Nicholson.

Dennis chose as his best man, Kenny Graham. Arnold Graham, Donny Reil and George Adams acted as ushers.

Among the guests were Sharon's parents who will be making Haliburton their retirement home.

Following the ceremony, the guests gathered at the Glamorgan Community Centre for the reception and buffet. The dance, later, was open for their friends and well-wishers.

We extend our congratulations and best wishes to the happy couple.

One of our annual "big-time" events will occur July 29 - 31 at the Glamorgan Community Centre. This is known as "Gooderham Horseshoe Days" where there is entertainment and fun for the entire family.

A special feature on Friday is the dance, with music supplied by the Bruce County Blue Grass recording artists.

Saturday events include: canoe races; the horseshoe tournament; talent contest; the ever-popular Jake, the three-legged man; Jeff, the magician and races. At night you can dance to the music of "London's Bits and Pieces".

The Glamorgan Firemen sponsor the demolition derby Sunday afternoon. The wet tee-shirt and tug-of-war between the different lake associations, including one by the ladies, wind up this three-day extravaganza. Don't miss it.

Glamorgan Senior Citizens met last Wednesday evening in the Community Centre. At six o'clock 32 sat down to a lunch of sandwiches, cake and coffee or tea.

President Ivan Hunter welcomed the several guests which included Mrs. Edna Storey, her two sisters, Mrs. Law and Mrs. Varley, and her daughter, Rose Surplis; Louis and Karen Taylor; Max Kaye and his son, Marco; and Helen and Don Trlesky.

Following a short business period, all enjoyed a sing-along with Len Smith at the piano and Walter Baron leading.

A beautiful quilt crafted by several of the ladies to be raffled at the time of Gooderham Horseshoe Days, as well as an oil painting done by Ken Bell, were on display.

Five tables of progressive euchre were played as well as other games.

Come and enjoy our fun and fellowship every Wednesday evening.

On July 23 you are invited to a "Strawberry Supper" in the Glamorgan Community Centre. The proceeds are to help the Girls' Chatterbox Club attend Natureland Camp at MacArthur's Mills near Bancroft in August.

Come out and enjoy a delicious meal and music at the same time help the girls who have worked hard for months to accomplish their objective.

At the supper some of the girls' wicker work and quilts made by the ladies will be displayed for sale.

The U.C.W. met last Monday at the summer home of Misses Margaret Hopkinson and Clara Newstead with a good attendance. President Grace Billings, brought a message on "Tithing" and the importance of "Mission and Service" in the work of the church.

After a business period the hostesses served lunch.

Blake MacDuff suffered an unfortunate loss last Thursday when fire destroyed his truck, trailer, and a load of hay. Blake was returning from Fenelon with his second load when, unexplainably, fire broke out in the hay. Despite the efforts of firefighters, nothing could be saved.

Murray Pickens, his wife, and three children of British Columbia are visiting his mother, Mrs. Mae Pickens and other family members.

Mr. and Mrs. Loscombe of Oshawa are spending the month of July holidaying at the Pine Lake cottage of Murray Madill. They are parents of Darlene Hunter.

Marion and George Inglis of Campbellville visited me last week.

Mrs. Edna Storey and her daughter, Rose Surplis, are enjoying some holidays at their cottage on Pine Lake.

Doug and Donna Simmons of Nipigon, with family members: Jamie, Jeremy, Joyce, Janice and her friend, George, and Joanne and Ray Field of Grand Bend are visiting Donna's parents, Clifford and Priscilla Mintz. They came from the Noseworthy-MacDuff wedding and remained for a holiday and family reunion.

The rummage sale in aid of the Chatterbox group will continue every Saturday in the Orange Hall until time for the girls to go to camp in August. Any donations for this sale will be gratefully received.

Jean and Army Goff attended the Gideon convention in London, Ontario, recently.

Visiting with Hazel and Ken Bell are their daughter, Janice and her two children, Erin and Donovan, from Scotland.

It was clown day at the CHASE place in Haliburton last Thursday, and a number of youngsters and their mothers were on hand to share in the event. Here,

Faye Maddock applies the finishing touches to a prospective clown while other youngsters wait their turn.

Agricultural Report

Canola is a new crop which is of interest to a number of farmers. A visit to the canola plots was a highlight on the Victoria County Crop Tour last week. These small plots of both winter and spring canola are located at the Sir Sandford Fleming College in Lindsay.

Canola is the name of new improved strains of rape. The canola seed is crushed to produce a high quality edible oil. The main place crushing canola is the Canada Packers plant in Hamilton, Ontario.

Spring canola crops can produce yields of up to two tonnes of seed per hectare (1,600 pounds per acre) in

this area. It is hoped that winter canola could produce two and one-half to three tonnes per hectare, however there have been no field results yet in Ontario.

The winter canola plots in Lindsay were swathed last week for combining early this week. Several varieties were tested. Seven varieties of spring canola are also located there - these are at the late flowering stage now.

Winter canola is planted about August 20, and can follow an early planted spring grain crop, or be planted in a hay or pasture field treated with Roundup before being plowed down.

Both King Grain (Pride) of Chatham and W. G. Thompson (Hyland Seeds) of Blenheim are contracting some winter canola for fall 1983 seeding.

Spring canola is planted as early as possible in the spring on weed free fields with no atrazine residues. Several licensed varieties were available in 1983, or fields could be contracted with Landis Seeds of Lindsay.

If a field has mustard in it, only a triazine resistant spring canola can be grown. These are available on contract through Top Notch at Milverton.

Canola requires lots of fertility, so a soil test is essential. One part of the plot in Lindsay was short of nitrogen and there is a dramatic difference in growth.

Anyone interested in growing canola should complete a crop budget to determine its feasibility financially. Budgets are available from your Agricultural Office.

Agricrew Program

As the Agricrew program approaches its half-way point the crew has been very busy bringing in hay, weeding, cleaning barns, and moving.

Please turn to Page 15

Norland Natter

by Kelly Graham

Hi! Well, it's great to be home. Although I had a great stay in New York City I am sorry I had to miss the annual horse draw. This is the first time I have ever missed it. Many thanks to the editor of the Haliburton County Echo for his interesting write-up and pictures concerning the pull. Since the Ladies Auxiliary and the Volunteer Firemen work so hard all year it is nice to see them receive some well-deserved recognition.

As for my stay in New York, I had a great time. I visited many famous places, The Statue of Liberty, Central Park, Bloomingdale and Macy's. Some of my time was spent trying to convince a certain waitress that it was not always snowing in Ontario and that it is now immersed in a heat wave. Unfortunately, she still claims that the word Canada

brings to mind thoughts of snowdrifts and blizzards.

On Saturday, July 23 at 10 a.m. at the Norland community hall there will be an open house on a proposed zoning by-law for the United Townships of Laxton, Digby, and Longford. Zoning in shoreline areas will be discussed.

The Norland Woman's Institute bazaar, luncheon and bake sale will be held on July 27, at 11 a.m., at the Norland Community Hall. Among other attractions there will be a penny table.

The council of Laxton, Digby and Longford Townships would appreciate the names of any pensioners who burn wood. The reason for this somewhat unusual request is that the township may have some wood to dispose of in the future. Anyone who qualifies for this giveaway may leave their name at the township office.

The number one song on 1050 CHUM for the week starting July 8 was once again, "Every Breathe You Take" by The Police. It looks like I'm not the only one who knows a great song when they hear it.

The winner of Shirley Harrison's latest Wintario ticket was Alex Graham.

My sympathies to family and friends of Merv Woodcock who recently died very suddenly.

The euchre scores for Thursday, July 14 were as follows: ladies' high - Ada Thomas; men's high - Norm Harrison; lone hands - Roy Penrose, Barry Hong, Mike Puterbaugh (tie).

Don't forget the puppet show on July 27 at the Norland Public Library. It is entitled "The Deckhands

Are Coming" and will start at approximately 1:15. Admission is free.

For all you suffering through the present heat wave here's a recipe designed to help keep you cool. Ice cream sandwiches: Place a scoop of your favorite ice cream flavor between two round, firm cookies such as vanilla or chocolate wafers or chocolate chip and oatmeal cookies. Carefully press the cookies together to flatten the ice cream into a sandwich filling. Quickly roll the edges of the sandwich in chopped chocolate chips, chopped peanuts, raisins, or crunchy granola so the coating sticks to the exposed edge of the ice cream filling. Serve at once or put back in the freezer to firm the ice cream.

Coboconk News

by Sheila Lake

The extreme heat of the past two weeks is ideal for holiday parties, picnics and outdoor barbecues and the senior citizens had ideal weather for their Victoria County Seniors picnic held at Balsam Lake Park on Thursday, July 14. The picnic was well attended and an enjoyable time was had by all.

Winners in the seniors card games on Tuesday evening were: euchre - ladies' first - Flo Penrose, 72; ladies' second - Joan Bowins, 69; most lone hands - Hilda Woodcock, 5; consolation - Maria Leary, 36; gents' first - Laura Irvine, 88; gents' second - Don Alguire, 81; most lone hands - Don Alguire, 8; consolation - Ada Thomas, 36; bridge - first - Ed Hollands, 4400; second - Jim Alcorn - 3980; consolation - Vi Gagne, 2100.

Two sudden deaths this past week were likely partly caused by extreme heat. Mervin Woodcock died suddenly while working with his hay and Mrs. Jim Fielder passed away suddenly at her

cottage. Our sympathy to the bereaved loved ones.

Sheila Lake (my sister-in-law and namesake) arrived last Sunday evening from her home in Buchie, Scotland to visit her daughter and husband, Roslyn and Charlie Cameron, and her son, Carl Lake and Sheila will be here visiting for a month.

We enjoyed a visit on Monday evening when two cousins, Ray McShane of Cameron and Lavern Marles of Jackson's Point visited our family.

Our community would love to see you this weekend, to come and join in the annual Lions Club Carnival. There will be the ever popular demolition derby on Saturday and lots of entertainment in the park. Bring along the youngsters and let them enjoy the rides, candy floss and noise. You'll see familiar faces and help a worthy cause. The local businessmen are really striving to improve our town, offer better service and help you if they can. This is what neighbours do, isn't it? And they want you to make

"Coby" a part of your holiday when you are in the area. Sincere sympathy to Bruce Ryall whose mother passed away last week.

Sam Endicott of Juniper Isle cottage area just south of town is out and about after a long bout of illness. He had surgery in Toronto and has been ill for several weeks. I'm sure he is glad to be out and on the go again.

We are enjoying a holiday visit from son Bob and family of Stroud. They are sure making good use of the bathing suits this week.

Our hard working librarian is ever on hand to help you with your holiday reading. Summer hours are Tuesday and Thursday 2 - 4 p.m. and Saturday 2 - 4 p.m. Drop in and say hello to Chris Kerr and pick up a good book for these humid evenings.

The Lions bingo's each Wednesday evening are well attended. Bingo begins at 7:40 p.m. and there are lots

of good prizes. The Legion bingo's are Thursday night at the Legion hall.

"Pioneer days" are getting

ing closer, an event which draws a lot of interest to all. Perhaps you have something to display or have great grandma's "best" dress that you may model on that day. Reminisce with us and refresh your memory on just how great "the good old days" really were! More later on this event.

The Kawartha Summer Theatre in Lindsay is a cool spot to be these very hot evenings. This week, July 19 to July 23 is "Murder Game" by W.E. Dan Ross.

David Faulkner managed to catch a 39-inch muskie last weekend so guess who is enjoying fish this week? It was a really good fish and a fisherman's thrill to land a big one.

Waterway News

The dry, sunny weather, so nice for vacationing, has continued this past week and is taking its toll on the water supply.

Reservoir levels have receded to 84 per cent on July 11 (about 1/4% higher than the 10-year average.) from 88 per cent on July 4. This occurred despite reduction of the Gull River flow at Norland to about 17 cubic metres per second. Through this week, ending July 16, the flow has been increased to about 21.0 cubic metres per second due to increased losses from the Kawartha Lakes. As of July 15 the

Kawartha levels appeared to be holding steady near their normal navigation setting.

The flow of the Otonabee River leaving the Kawarthas was decreased to the minimum of 17 cubic metres per second. These figures indicate that the entire flow of the Burnt River, Nogies Creek, Mississauga River, Eels Creek and Jack Creek as well as any flow above 17 cubic metres from the Gull River is being lost to evaporation off the Kawarthas leaving only 17 cubic metres to flow down the Trent to Rice Lake and on to Lake Ontario.

Dysart et al council minutes

from page 2

close on Friday, July 8 at 5:00 p.m.: Benoit Lake - Lot 173 - Plan 523; Eagle Lake - Lot 9, Lot 10, Block A-P 492; Little Kennis Lake - Lot 56 - Plan 493; and Haliburton Lake - Block A - Plan 348.

The municipality will make application for the hiring of two persons for the summer season under the Ontario Career Action Program.

A sign is to be placed at the corner facing south on Maple Road indicating - Haliburton Highlands Museum, Eagle Lake, West Guilford, and the municipality will do this in a suitable style and colour.

Council opposed the application for patio outdoor licences in the Village of Haliburton.

Robert S. English, Municipal Law Enforcement Officer was authorized to sign the certificate re: application to purchase High Hazard Fireworks for Kennis Lake Cottagers Association.

A special meeting of the Dysart Municipal Council was held in the Council Chambers on Tuesday, June 27, 1983. Present were: Murray G. Fearrey, Gary McKnight, Dorothy Baker, Lloyd Leadbeater, John Parish, Sidney Cooper, R. Glen Hodgson, Derrell B. Stamp, planning and zoning, and Wayne B. Wood, clerk-administrator.

Resolution #6808 (#35) was rescinded and the patio licence was concurred with in the case of the Harvest Lounge under the condition that it is issued considering it as a dining licence. The board will be advised that the hours governing operation will be from 12:00 noon to 10:00 p.m.

The firm of Rysco Engineering Corporation will be retained to complete hard engineering work to obtain a Certificate of Approval from the Ministry of the Environment. The fee of \$56,000 is based on 6.5 per cent of the estimated construction costs and in conformity with the Association of Professional Engineers of Ontario fee schedule.

The Pinestone, Kashagawigamog area served will contribute to this fee based on equivalent residential units to be calculated by Mr. Reid of Rysco and D.B. Stamp, municipal planning supervisor in cooperation with those resorts involved. The engineers were requested to proceed with this undertaking at the earliest possible date, after agreement with the owners involved.

The Haliburton and District Lions Club was granted permission to utilize the arena parking lot and washrooms to hold a street dance, Saturday, August 20, 1983. In addition a section of the ballfield can be utilized for a refreshment tent.

The planning supervisor was advised that council supports the residential zone of Mr. Grant Crofts and any violation will result in charges being laid.

A meeting of the Dysart Finance Committee was held in the Council Chambers on Monday, July 11. Present were: Sidney Cooper, R. Glen Hodgson, Lloyd Leadbeater, Howard M. Roberts, road supt., Wayne B. Wood, clerk, and Murray Fearrey, reeve.

The Finance Committee recommended the payments as reviewed to council for payment. On vouchers No. 6336, 6337, 4744 and 4788 - reeve Murray Fearrey declared and interest. On voucher No. 6335 Gary McKnight declared an interest.

Both refrained from voting and discussion.

A meeting of the Dysart Correspondence Committee was held in the Council Chambers on Monday, July 11. Present were: John Parish, Dorothy Baker, Gary McKnight, Howard Roberts, road supt., Wayne B. Wood, clerk, and Murray Fearrey, reeve.

Correspondence as presented was reviewed and segregated for council's attention and for reply and/or filing.

A regular meeting of the Dysart Municipal Council was held in the Council Chambers on Monday, July 11. Present were: Murray Fearrey, Gary McKnight, Sidney Cooper, R. Glen Hodgson, Dorothy Baker, John Parish, Lloyd Leadbeater, Howard M. Roberts, road supt., and Wayne B. Wood, clerk.

Minutes of the meeting of April 27, May 9, June 13 and 27 were adopted as per circulation.

General accounts totalling \$613,922.24, road accounts totalling \$136,481.98, and social services totalling \$10,726.37 were approved for payment. Gary McKnight declared interest in voucher No. 6345.

The tender of Ronald Mumford for one 1975 International 1700 with dump box was accepted in the amount of \$1,750.61.

The following tender for municipal land was accepted: Haliburton Lake, Plan 348, Blk. A to Peter Locke, for the amount of \$9,700. All other lots for tender: bids were too low, therefore not accepted.

Decorations Day at Evergreen Cemetery will be held Sunday, August 7, 1983, with services at 2:00 p.m.

770 bags (one load) of Calcium Chloride were ordered from Ken W. Morris Limited for delivery at the earliest possible date. The reeve and clerk were

authorized to sign the conveyance from Conway Woodcock to the Corporation of Dysart et al for a portion of the Victoria Street Extension.

The municipality concurred with the owners of Haliburton Marine and Texaco Canada Limited in the conversion of the existing gasoline outlet to self-serve. Gary McKnight refrained from discussion and voting.

The Monday, August 8 Civic Holiday was cancelled and will be held Monday, September 19, 1983.

Mrs. Laing was advised that council is sorry but they cannot entertain her application to use municipal lands adjacent to Head Lake Park. Council suggests Mrs. Laing discuss her proposal with private commercial land owners in the area.

Application will be made for the 1984 Ontario Bicentennial Grant to assist with celebrations during the year 1984.

Permission was granted Lee Blair to do streambed alterations and erosion control work on Lots 5 and 6, Concession 7, Dysart, provided all work meets with the approval of the Ministry of Natural Resources.

Brian Black was granted permission to clean up and brush Block A, Plan 443, Dysart, adjacent to his house on Kashaga Drive.

The draft approval of John F. Petis File 467-79150, Lake of Islands, was extended for one further year. No further extension will be granted.

The clerk was authorized to sign the agreement between Dysart and Grief Containers Limited re: recreation area, Eagle Lake.

Ten areas more or less will be set aside at Glebe Park to accommodate museum planning. The road superintendent and park supervisor will cut out the lines designating the museum area of responsibility.

Agricultural report

from page 14

In the remaining four weeks of the program, days are booked for painting, picking stones and bringing in straw. Some days are still available from July 25 until August 19.

If you need a hand to do those odd jobs around the farm, or have fences to build or straw to bring in, why not call on Agricrew? The crew

transportation and lunch. They are covered by Workers' Compensation and can be hired for an eight-hour working day at a cost of only \$90.

For more information about the program or to book the crew contact Lorrie McFadden, Agricrew Coordinator, at the Lindsay Agricultural Office - (705) 324-6125.

Kinmount Korner

by Millie Moss

Welcome home to Helen Jones and Ruth Menard who recently enjoyed very much their trip to Thunder Bay. I am glad to hear Frank Smart is now home from hospital in Toronto.

The Ladies Auxiliary of the Kinmount Legion held their bi-weekly fun dance at the Legion Hall, Saturday evening, July 9 where the 82nd birthday of "grannie" Bacon and the 80th birthday of Vi Cooke was celebrated with strawberry shortcake. Both ladies were presented with a surprise gift and they and the good crowd that attended enjoyed the evening very much. These dances are put on by the Ladies Auxiliary and are free. Everyone over 19 is welcome and cordially invited to join in the fun. The dances run from 9:00 p.m. to 1:00 a.m.

The annual cemetery service was celebrated Sunday, July 10 in Kinmount when Rev. Brooks, Father Heffernan and Rev. J. Morrison took the service. Thanks to Ron and Shirley Newman who had the cemetery grounds looking so nice and to Arnold Schroeter for his part in the electrical works and the flags and to anyone else who helped in any way towards a beautiful tradition.

We were in Norland last Thursday when Bill witnessed a freak accident. A lady parked, got out of car to go to P.O. when car took off. She grabbed the rear bumper and hung on as the car jumped the curb and headed for a house before the wheels caught on a curb and stopped.

Ian Howard and Monica Alphonso, both of Toronto along with a number of neighbours were guests of Joyce and Jack Hills over last weekend.

I hope to hear little Katrina Hartin is back home soon. She underwent a tonsilectomy at Ross Memorial July 8 and is coming along well.

John and Helen Hickey would like to thank their friends and relatives who helped make their Golden Anniversary such a beautiful

day. They will long remember it.

Welcome home to our boys Bill and Jason Moss who have been to parts of Nova Scotia, Maine, New York, Connecticut, Niagara Falls and the places in between. Bill says he sure didn't miss the bugs. I think the black flies, mosquitos and their ilk are taking turns coming and going this year because the black flies were really biting out here the other evening.

Thanks to all of you who have been asking after my health and why there hasn't been a column here for two weeks. To answer first things first: I'm sure I'll survive and to the second I did not write a column on the Canada day weekend because I had only one item to write up, had Bonnie Walker, Charlie Ryan, both of Weston and Quinn Ryan of Cambridge here for the long weekend and we were all involved in the giant yard sale held at Bill and Win Wilsons home. There sure were lots of interested shoppers around there for the three days. We all got nice sunburns too.

Bill and I enjoyed an exceptional breakfast at the home of the above named hosts and I thanked them for that in the column that didn't make the paper. We were there, along with breakfast, to meet their son Dannie, his lovely wife Cynthia and little daughter Erin Leslie of San Diego, California. They left for Toronto thence to Detroit and on home.

Some 17 ladies attended the Tupperware party at our house June 28 and thanks to all who made it such a success. If you're needing any of your Tupperware products checked or if you need anything new and they have lots of new items, there will be a party at Shirley and Ron Newman's house on highway 503 at the Base Line Road on July 21 and another one at T.J.'s here in town at 7:00 p.m. on August 2. Why not come out for a get-together with the girls?

Results of St. James euchre party, Tuesday, July

12 were: ladies' high, Bertha Stata; ladies' low, Irene McNamara; men's high, Hugh Phillips; men's low, John Mahood; lone hands, Ruth Menard. There were 13 tables and the little hall was packed.

Don't forget to come and enjoy St. James A.C.W. annual salad supper at the Kinmount Community Centre on Saturday, July 23, 4:30 p.m. to 7:00 p.m. Adults - \$5.00, children, 6 to 12 years - \$3.50 and pre-schoolers are free. See you there!

Our Haliburton Echo Editor, Len Pizze, phoned me on Friday, July 15, to inform me the "Kinmount Korner" column had finally arrived so he would print it along with this one. In the meantime, forgive me for possibly repeating myself in this one.

Our sincere sympathy goes out at this time to families and friends of Edna Fielder and Mervin Woodcock who passed away last week.

Vi Cooke is inviting anyone who is interested, to come look over the little house she fixed up herself. She has baked goods, plants and all kinds of goodies for sale in there. Just drive up 503 Irondale way to the house next door to Hancock's store. You can even pick up boy's size 8 - 10 jeans for a dollar or so. Try it, you'll like it.

In the cook books that have been sold commemorating the one hundredth birthday of St. James Anglican Church in Kinmount, there were three recipes that need adjusting. A good number of them had been corrected but if you should have one of these books take note of the following: "Hamburg Casserole" should also contain one can of celery soup. "Bran Muffins" should also read 2 tsp. of baking soda and a misprint in the recipe for "Apple Cake" reads 1P cups cooking oil. It should read 1 1/2 cups cooking oil.

T.J.'s was certainly a busy spot on Saturday morning. Along with summer folk a number of local boys were in for a morning after breakfast. I sure hope they enjoyed it because it sure looked and smelled delicious.

Ontario Aqua Foods are putting out a very good fertilizing stick and I can attest to the beautiful job they do in helping the flowers and houseplants. You can purchase them by the package at TJs and possibly the 5 cents to a dollar store in town.

I can't believe the number of people who have phoned and spoken to me elsewhere re my not writing a column for two weeks. Thank you to all of you. It makes it feel all worthwhile! I won't quit 'til I have to.

Some of the Crego family have been enjoying their weekends at South Lake Trailer Park.

Well folks, stay well and happy and be here next week. I'm still at 488-2353 if you wish your news to be told in this column.

Archie Bowman, while working in the bush had the misfortune of having the mean end of a branch strike him in his right eye breaking a blood vessel. It sure looked sore last Saturday.

Remember our shut-ins with a call or card. It would help cheer them up on hot days such as we are having right now.

Many local youngsters were having a great time in the Burnt River at the bridge in our town last Friday afternoon.

I hope Jack Hills is well and home soon. Also Jack and Joyce's little granddaughter who is in hospital.

There was a big machine over at Shaw's place across from us Saturday morning past. It looks like they're ploughing or levelling the whole place. Those folks made a complete home, garden, garage, etc. in a very short time.

I must really get busy around here myself and get this in the mail or it will be three weeks of no "Kinmount Korner".

Intended for last week

Welcome home to Joyce and Jack Hills who recently returned from Copper Mountain, Colorado where Jack was moderator for an afternoon at the International

Coroners Convention. They travelled through beautiful country over 10,000 feet high where there was snow and temperatures went to a high of 60 - 62 degrees. Some of the people attending the convention became ill, very short of breath and at least one couple had to return home due to the very high altitude. Cars had to have carburetors adjusted due to the altitude. I'm told the trip was breathtaking but going into those mountains over 14,000 feet, I'm afraid would not be for me. I'm glad you enjoyed the trip folks and am happy to see you back home.

Joyce Hills was in Toronto for some time following her Colorado trip, to be with her daughter who has been quite ill but is coming along nicely now.

Welcome home from around the world to our Haliburton Echo Editor and his wife. We're looking forward to some of your stories!

St. James Anglican ladies will be holding their annual salad supper in the Kinmount Community Hall on Saturday, July 23 from 4:30 to 7:00 p.m., adults \$5.00, children 6 - 12 years, \$3.50 and preschoolers, free. Come out and bring your friends to enjoy a good evening together.

Results of the St. James euchre on Tuesday, June 28: ladies' high: Gladys Anderson who also held most lone hands; ladies' low, Mary McKinley; men's high, Clara Watson; men's low, Sam Duffy. It was quite an evening with 43 players at eleven tables.

I sure enjoyed the company of the seventeen ladies at the Tupperware party at our house on the afternoon of June 28.

That storm of Monday, July 4 took many trees and poles down and hydro was off at Norland and area for hours. Some of the roof on our carport took off along with a few trees.

Bill and Jason Moss phoned here while waiting to

board the ferry at Yarmouth, Nova Scotia bound for Bar Harbour, Maine on Tuesday morning, July 5. Following a stopoff in New York city they will motor through some of the northern states thence home.

Results of St. Patrick's C.W.L. card party, June 21 are: men's high, James Howden; men's low, Aileen Brown; ladies' high, Frieda Harrison; ladies' low, Margaret Kylie; lone hands, Sam Duffy. There were 8 1/2 tables.

Isobel Austin would like to take this opportunity to thank the committee who looked after her retirement tea which was held Sunday, June 26 in the community hall. She would also like to thank all parents for their co-operation over the years.

Welcome home to the Hendersons who arrived home after a month of travelling. They visited Jasper, Banff, Vancouver, ferried to Gibson where they witnessed a filming of the Beach Combers and caught two salmon and a cod at the shore of Powell River. They also ferried to Cromox and on to Victoria where they visited the museum and other attractions. Then it was a ferry to Coquitlam, on to North Dakota and back home. They thoroughly enjoyed their trip and I enjoyed hearing of it.

Bill and I had breakfast at the home of Bill and Win Wilson at RRI, Kinmount, Thursday morning July 7 where we met their visiting family from Los Angeles, California. Son Dan, his wife Cynthia and little daughter, Erin Leslie, left for Toronto to spend a day or two and then on to Detroit and later home.

Bob and Jean Hollobon of County Road #1 are at present enjoying the company of Jean's mother, Mrs. Agnes Selkirk of Scarborough. Their granddaughter, Erin Featherstone of Whitby was expected on Saturday as a welcome guest for a week.

Mr. and Mrs. Tom Pierce, formerly of Havendale Drive,

Kinmount, stopped by our place one day last week, on their way to Crystal Lake from Toronto and I must say, Tom looks better than I've seen him in some time. He said he was feeling much better too.

Many local ladies are busy these days "picking their own" strawberries and doing them down. They'll sure taste good when the snow is on the ground.

Some five families joined in a giant yard sale at the RRI, Kinmount residence of W. and W. Wilson over the holiday weekend and that was some busy place.

On June 23 Vi and Albert Crego went to Gananoque where they had a very nice time celebrating their fourth anniversary with friends. July first they visited daughter Betty and her husband Chris O'Hara at their home in York. The whole family arrived and a giant barbeque was very much enjoyed on July second. They arrived back home on Sunday, July 3. Then, the following

Tuesday, daughter Crystal and son Mathew came to stay for a couple of days from Lindsay.

Happy birthday to "grandma" Bacon on Friday, July 8.

I dropped in at the new bake shop in town last Saturday morning and Pat and Elaine were very busy making cookies and birthday cakes. They sure have become popular since they opened their wee shop over the Canada weekend. Drop in and have a friendly chat, sample their goodies and you're guaranteed to come back.

Happy birthday to Cori Barkwell last week. That's a beautiful budge gramma and grandpa Barkwell gave you. He'll be talking to you one of these days and you'll have lots of fun.

I hope all you sick folks are well soon. Stay well and happy and be here next week.

I can still be reached at 488-2353 and thank you to all who said they missed this column of ramblings.

I, Uena M. Ball, will not be responsible for any debts or actions incurred by my husband, David F. Ball effective July 15, 1983. Uena M. Ball 25-P-20

thank you

We would like to thank all those who were so kind with their help, condolences and gifts of food at the loss of a dear son and brother, Darryl Bird. Special thanks to Rev. John Smith and Gordon Monk of Monk Funeral Home. Your kindness is deeply appreciated. Gloria and Frank Bird and Grandma Wreatha Hope 27-P-20

The West Gullford Recreation Centre Committee would like to thank everyone in the community who donated food, prizes, provided music, and helped during the day to make Canada Day such a success. Thank you all. 27-B-20

I would like to thank my friends and family who were so helpful during my recent illness and hospital stay. A special thank you to my sister and brother-in-law Donald and John MacKenzie for making us so welcome at their home in Peterborough. Thank you all, Lyle Stamp 27-P-20

The family of the late Rosa Luna wish to express our heartfelt thanks and appreciation to relatives, Continued

thank you

Continued friends and neighbours for the beautiful floral tributes, memorial donations, cards, mass cards, food and the many acts of kindness during our recent loss of a dear wife and mother. Special thanks to Father Maloney for his visits, prayers, and the mass, the organist and choir, Gordon Monk Funeral Home, Dr. Heyes and nurses at the Red Cross Hospital, and the ladies of St. Anthony's Altar Society who served lunch following the funeral. Your kind expressions of sympathy will always be remembered and are deeply appreciated. Riccardo Luna and family 27-P-20

On behalf of the Northern Selects hockey team, we would like to thank all of the people from Haliburton and Minden who helped to make the North Woods Challenge Cup a success. 27-B-20

I wish to thank friends and relatives for cards, gifts and visits while I was in hospital. Special thank you to nurses and staff of the Haliburton Red Cross Hospital and Dr. Good and Dr. Sanjoy. Hans Pripp 27-P-20

HOLTZE - Keith and Michelle are thrilled to announce the birth of their son, Jonathan Tyler, June 27, 1983 at Peterborough Civic. Special thanks to Drs. Froates and Pierce. 28-P-20

GARTSHORE - In loving memory of a dear uncle, Don, who passed away July 20, 1978.

Our hearts still ache with sorrow And silent tears will flow For what it meant to lose you Don No one will ever know We think of you in silence And ever speak your name But all we have are memories And your picture in a frame.

Forever loved and sadly missed by Jason, Chris, Gary Jr., and Sean. 32-P-20

GARTSHORE - In loving memory of a dear son and brother, Don, who passed away July 20, 1978.

At night the silver stars shine down On a grave not far from here Where sleeps the one we can't forget And always loved so dear. As angels keep watch up there Please God, just let him know Continued

in memoriam

Continued That we down here do not forget We love and miss him so.

Sadly and deeply missed by Mom, Verne and Marilyn, Craig and Marg, Gary and Pat. 32-P-20

NICHOLSON, Emma - In loving memory of a dear mother who passed away July 22, 1982.

Sadly missed along life's way Quietly remembered every day No longer in our life to share But in our hearts you're always there.

Always remembered by your children Rita, Fred, Ruby, Don, Barb and grandchildren Chris, Linda, Sherrie, Marty, Kathy. 32-P-20

MISCIO - In loving memory of a wonderful father and grandfather, Petrol, who passed away July 20, 1979.

God looked around his garden And found an empty space Then he looked down upon the earth And saw your tired face. He put his arms around you And lifted you to rest God's garden must be beautiful For he only takes the best. It broke our hearts to lose you But you didn't go alone For part of us went with you The day God called you home.

Always remembered by Levern, Marion, Chris and Tracy. 32-P-20

BURK, Elizabeth - In loving memory of a dear wife, mother and grandmother who passed away July 24, 1979.

Wishing today as we wished before God could have spared you many years more With silent thought and deep regret Loving memories we will never forget.

Lovingly remembered by Cec and family. 32-P-20

In loving memory of our dear sister, Pauline Hubbard, who passed away July 20, 1982.

In a quiet country graveyard Where the gentle breezes blow Lies one we loved so dearly Lost one year ago. We do not need a special day To bring her to our minds, For the days we do not think of her Are very hard to find.

Sadly missed and ever remembered by sisters Millie, Mary, Madeline and niece Marilyn. 32-P-20
